# Table of Contents

## Healthcare-based Research

Factors Related to Health Promoting Information in Patients with Hepatocellular Carcinoma in Domestic Adults ............................................................. 1  
Seong-Ran Lee

The Predictive Modeling of Middle-aged Hypertension using Integrated Method of Decision Tree and Neural Network ................................................................. 9  
Haewon Byeon, Sung-Hyoun Cho

Study on Satisfaction according Actuality of Utilization of the Multicenter Rehabilitation Service ...... 19  
Sung-Hyoun Cho, Hae-won Byeon

Nursing Students’ Problem Solving, and Clinical Competence between Standard Patient and High Fidelity Simulator Simulation ......................................................... 29  
Eunhee Choi, Younkyoung Kwag

Effect of Small and Medium-Sized Hospital Nursing Unit Managers Servant Leadership on the nurses job performance ............................................................... 37  
Jeong-Ah Cho, Kyung-Hee Chung

Control Effect of Hypothalamic-Pituitary-Adrenal Axis with Cinnamon(Cinnamomum japonicum) Extract ........... 49  
Gil-Hyun Lee, Kyung-Yae Hyun

Effect of Systemic Inflammatory Regulation of Hydroponic Cultured Ginseng in Arthritis Rat ................. 61  
Jun-Seon Lee, Gil-Hyun Lee, Seok-Cheol Choi, Haw-Sik Choi, Kyung-Yae Hyun

Work-related Musculoskeletal Symptoms among Agricultural Workers in the Rural Community .......... 71  
Myoung-Hee Kim

Influence Factors of Maternal fetal attachment on preparing for childbirth classes ............................ 81  
Kyunmi WOO, Youngju Jee, Bora Kim

Standardized Circulatory Disease-Specific Mortality and the Associated Factors by Residential Area ........ 89  
Eunok Park
Education-based Research

Application of Drama to Teaching Reading to English Language Learners with Dyslexia .................. 97
Chungyeol Park, Eunmi Cho

Predictors of Smartphone Addiction among High School Student .................................................. 107
Young-Hae Kim, Young-Ju Jee, Hong, Hyun Hwa

Kindergarten Teacher Job Satisfaction and Job Stress Effects on Teacher Efficacy Study- With a Focus on O Gu, Ulsan City- .................................................................................................................. 115
PIL-yeon kim, Sung-je Cho

A Study on Pre-service Teachers’ Teaching Professionalism in Elementary Music Class .............. 125
Mihae Ryu

Poetry and Songs’ Educational Meaning Focus on the Dynamic Correlation with Sijo and Hansi ...... 135
So-Yeon Chung, Seong-Yoon Cho

Development of the Convergence Science Contents Using Korean Paintings of the Late Joseon Dynasty for fostering(Fostering) Topophilia .................................................................................................. 145
Ma-Byong Yoon

A study on reading and writing and cognitive processing from multicultural in elementary .......... 157
Soon-Gil Park, Jeung-Ryeul Cho, Eun-Hee Kim

Analyzing the Current States of Universities’ Interdisciplinary Fields and Influential Factors Impacting on the Fields .................................................................................................................................. 167
Ho-Seub Lee, Young-Min Lee

The Effects of Developing English Listening Ability of Middle School Students through English Pop Songs ................................................................................................................................................. 175
Jin-Sung Kim, Mun-Koo Kang

Utilization Deficiency in The Use of Spontaneous Elaboration Strategy ........................................ 183
Ji-Hyun Lee, Kyeong-Sook Choi, Jeung-Ryeul Cho

Architecture and Civil Engineering-based Research

Crack Propagation modes of Seismic Retrofitting Specimen .............................................................. 191
Nam-Yong Eom, Wan-Shin Park, Hyun-Do Yun, Yong-Chul Kim, Sun-Woong Kim, Sun-Woo Kim

Experimental Studies for Structural Performance Investigating of Reinforced Concrete Link Beam ...... 199
Sun-Woong Kim, Wan-Shin Park, Yong-Il Jang, Hyun-Do Yun, Nam-Yong Eom, Sun-Woo Kim

Analysis of Stress Concentration between Fillet and Hole in a Stepped Plate under Tensile Load by Photoelasticity ................................................................. 207

Tae-Hyun Baek, Myung-Soo Kim, Young-Chul Kim

Stress Intensity Factor Measurement of Inclined Crack in Tensile Plates by Use of Photoelasticity … 215

Tae-Hyun Baek, Chun-Tae Lee, Young-Chul Kim

Error and Accuracy Analysis about Road Name Address for Reliability Improvement and Efficient Utilization .................................................................................................................. 223

Jong-Sin Lee, Jung-Hyun Kim, Min-Gyu Kim, Hee-Cheon Yun

Machine and Material based Research

Durability Study by Heat at Vehicle Steering Wheel Hot Wire ........................................ 231

Jung-Ho Lee, Jae-Ung Cho

Study on Self-Cleaning Water Purifier ........................................................................... 241

Doo-Sung Baik

Welfare-based Research

Relationship between job satisfaction and psychological exhaustion of coping Child Care Teacher (0 Ulsan District center) ................................................................. 249

En-Young Lee, Sung-je Cho

The effect of familism, filial piety and caregiving on quality of life of caregiver and the elderly ...... 257

Yun-Jeong Kim

Art. Culture Content–based Research

A study of the characteristics in expression through the analysis of 「Self-portrait」 by Doo-seo Yoon created in similar artistic formation ................................................................. 267

Il-do Kim

A study on effect of the familism on the caregiving stress: Focused on married adult offspring in Korea and China .................................................................................................................. 281

Hai-lan Jin, Yun-Jeong Kim
Security-based Research

Constructing Java Vulnerable API List based on Java Access Permission Checking Tree .......................... 289
Hyo-Seong Park, Chul-Woo Park, Young-Chan Lim, Ki-Chang Kim

Detection of systems infected with C&C Zeus through technique of Windows API hooking .............. 297
Chul-Woo Park, Ji-Woong Son, Hyun-Ki Hwang, Ki-Chang Kim

IT Convergence-based Research

Utilization of Electronic Cultural Atlas for Humanities-Area study based Digital Humanities .............. 305
Ji-Hoon Kang, Sang-Ho Moon

A Study on the Utilization of Photo Contents based Electronic Cultural Atlas ..................................... 315
Dong-Yul Lee, Ji-Hoon Kang, Sang-Ho Moon

Suitability of the information concept as a boundary object in information convergence research ...... 325
Heekyung Choi

Analysis of Signal Quality of GNSS CORS for Construction of National Geospatial Information ........ 333
Joon-Kyu Park, Soung-Man Han

Study on Spectator Participatory Storytelling Tangible Interactive Exhibit Based Content Services . 341
Sae-Hee Kim, Seong-Soo Yang, Yang-Kwon Jeong

Business-based Research

Family firm’s governance mechanism and cash holdings ................................................................. 351
Jai-Sik Gong

Comparative Analysis of the Credit Guarantee Characteristics Analysis of Micro Enterprises Using
Generalized Linear Model .................................................................................................................. 359
Man-Su Kang, Sang-Kyu Park, Byeong-Hak Lee, Seung-Bin Choi

A study on the Utilization of Usability Analysis Platform for Big Data ........................................... 369
Hyun-Seo Hwang, Jin-Tae Park, Jun-Soo Yun, Il-Young Moon

Leisure needs, Serious Leisure attitudes, and Types of Leisure Activities among Korean Adults of
twenties or thirties ............................................................................................................................. 377
