# Table of Contents

## Education based Convergent Research

- The Longitudinal Case Study for Follow-Up Experience of Mothers who Participated in the Anger Management Parent Education Program ............................................. 1
  Young Hee Cha, Se Yul Kim

- Undergraduates' Perception on Scientific Literacy and Pseudoscience Beliefs ........................ 9
  Yongkil Lee, Kyunghee Kang

- The Effects of Demographic Factors, Health Perception, Teacher Efficacy, Enthusiasm for Teaching Profession on the Happiness of Preschool Teachers ........................................ 23
  Min-jung Chung, Shin-young Lee, Ji-youm Shin

- Research Trends of Informational Picture Book Focusing on the Domestic Journals ................. 37
  Mi-Na Lee, Sea-Kyung Oh

- A Narrative Research that Proposes an Desirable method in Reading for Elementary Students .... 45
  In-hee Lee, Su-jeong Han

- Effecting Factors Adjustment of Nursing Students to college life .................................. 59
  Seung-Hee Han

- 911 Public Safety Telecommunicator’s Training and Education in USA and Implications for Korea 71
  Younhee Kim

- A Study on the Case of Inter-cultural Education in Germany: Focus on the Curriculum of SESB 81
  Young-Hun Oh, Hyun-Hee Bang

- College Students’ English Learning Strategies: Aimed Towards Sports Major Students ............ 91
  Ho Yoo, Ji-Eun Kim

- Machine Learning for Supplier Selection Problem ...................................................... 99
  Gitae Kim

- Aanlysis study of self concept in Leo Lionni's picture books ........................................ 111
  Yubin Ahn, Younchul Choi, Young-Hee Noh

- Pre-service Early Childhood Teachers’ Perception toward the Educare Practicum : based on Metaphor
Analysis ................................................................................................................................................. 123
Kim Hye Yoon, Kim Kil Suk
Early Childhood Teacher’s Perception of Large Group Game Activities in Early Childhood Education
Institutions ............................................................................................................................................... 135
Kyung-chul Kim, Hye-seung Jung, Eun-hye Kim
Impact of Emotional Intelligence on Turnover Intention Mediated by Job Satisfaction: Cases of New
Employees ............................................................................................................................................. 153
Dong-il Lim, Sang-hoon Han
The Effect of Young Smartphone Usage Environment on Smartphone Usage Addiction and Cognitive
Developmental Behaviors of Children’s ............................................................................................... 169
Joeng Kyoum Kim, Young-Sik Kang
Effects of PBL Applied to a Teaching Training Course on Cognitive, Affective, and Social Features
of Pre-service Teachers .................................................................................................................... 181
Hye Jin Kim
An Exploration for Direction of Development in Early Childhood Creativity Education Program Using
Literature and Art ............................................................................................................................... 191
Jin-Hyeong Noh, Jeong-Hui Kim, Byung-Man Kim
A Correlation Study on Playground and school building of lay out type and Characteristics in cases
of the elementary school ................................................................................................................... 201
Lee-Yong Sung
Analysis on the Community Centered Lifelong Education Support System ......................... 211
Jeong-Moo Hurh, Jin-Ok Hong
The Ego-resilience, Achievement Goal, and Academic Achievement in Nursing Students ........... 221
Yeonha Kim
Clinical Experience of the Nurses working in the VIP Ward .................................................. 231
Hyun-Ju Kim, Mal-Soon Kang, Hyeon-cheol Jeong
Effect of Knowledge for Science Teaching and Creative Personality on Science Teaching Efficacy of
Pre-service Teachers of Young Children ......................................................................................... 241
Soo young Lee, Jin young Bong
Healthcare based Convergent Research

Accidental Self-Removal of Medical Devices According to Use of Physical Restraints: Systematic Review ................................................................. 253
Su Kyoung Chung, Eun-Young Jeong

Factors Affecting on Terminal Care Attitudes in Nursing Students ......................................................... 269
Mi-Young Jang, Ji-Yeon Kim, Seung-Kyoung Yang

Big Five Personality traits and its relation to Response Characteristics of HTP test : Extraversion and Conscientiousness ................................................................. 283
Sung-Hee Sohn, Young Il Cho, Seho Maeng

The Association of Cultural disposition and Mental pathology with the Stage 1 morality in University students ................................................................................................. 301
Jiseun Lim, Byunghuck An

Effectiveness evaluation of Elementary School of Fluoride Application Programs in Ulsan ........ 309
Eun-Mi Noh, Jung-Hyun Park

Factors Related to the Risk Factors of Esophageal Cancer Incidence of Local Area in Korea .......... 319
Seong-Ran Lee

The Effect of Aromatherapy Massage and Meridian Massage on Premenstrual Syndrome, Dysmenorrhea and Change of Abdominal Temperature of Female University Students .......... 327
Mi-Ra Jeong, Eun-Young Choi

Factors Influencing Physical Activity of Korean Elderly ................................................................................. 339
Young-Ju Jee, Bo-Ra Kim

A Study on the Nutritional Knowledge, Preferences of Food Taste, and Overeating Induction Dietary Behavior by Body Mass Index(BMI) of Nursing Women University Students ........................................ 347
Myeong-Seon Lee, Yeun-Mi Kim, Song-Yi Yoon

Oral health status of foreign workers Oral-related quality of life ................................................................. 357
Su Youn Ko, Ji-Young Nam, Hye-Jin Kim

A Study on Pronunciation Improvement with Denture Sticking ................................................................ 369
Byung-Min Leem, Won-Hee Lee, Seong-geon Bae, Myung-Sook Kim, Myung-Jin Bae

The Analysis of Korean Elderly Research Trends Utilizing Media ............................................................. 377
Mi-Ran Lee

The Relationship between oral health improvement and Oral Health Impact Profile(OHIP-14) in the
elderly people in long-term care center. ......................................................... 391
Hye-Sook Choi

A Study on the Influence of Internal Service Quality on Job Satisfaction in Medical Institutions .................................................. 401
Chang-Tae Kim, Gap-Sik Kim

Effects of Body Weighted Support Treadmill Training on Gross Motor Function and Balance in Musculoskeletal Surgery of Children with Spastic diplegia ......................................................... 413
Hae-Yeon Kwon

The Effects of Brain Education based Meditation on Children's Positive Emotion and Stress Reduction ......................................................... 427
Mi-Kyoung Oh

Business based Convergent Research

Study on the activation plan of Korean wedding industry through awareness survey of Chinese wedding industry ......................................................... 439
Mi-Sook Kim

A Study on the Effect on Job Satisfaction restaurant workers ......................................................... 453
Young-Chun Kim, Kye-Young Park

Development Plan of Korea's Private Security System: The Comparison of UK's Private Security System ......................................................... 463
Hyun ho Kim

A Study of Relationship between SNS Marketing and Viral Marketing in Insurance Companies ......................................................... 471
Sun-Kyu Kim, Jeong-Ho Lee

The Study of Impact on Start-up Support Program’s Selection Methods in the Initial Business performance ......................................................... 483
Yong-Seok Seo, Chul-Ho Jung

Culture Content based Convergent Research

Narrative and Its Implication to Disciplinary Convergence ......................................................... 491
Hyeon-Suk Kang, Ji-Eun Lee

A Study on A Nail Work of Art with A Flower Motif ......................................................... 499
Hee Kyoung Lee, Jeong Hyun Lee
A Study of Violence of Imperialism in the Novels by Jo Jung-Rae Focusing on the Novel, Red Clay. ……………………………………………………………………………………………………………………………… 509

Yeong-cheol Eum

Interactive Cultural Content Using Finger Motion and HMD VR ……………………………………… 519

Byungseok Lee, Jonghee Jung, Youngro Son, Chanyeol Back, Seongah Chin

Information Technology based Convergent Research

A Study on the SNS analysis model based on the Storm ………………………………………………… 529

Hyeon-Kyung Lee, Young-Sung Son, Jong-Bae Kim

A Study on the Vehicle Around Accident Prevention System using Wearable Devices …………… 537

Ji-Na Lee, SeonHo Hwang, Jae-Gon Yoo, Yong-Tae Shin, Jong-Bae Kim

A Study on the Allocation of Depth Budgets in Stereoscopic 3D Film Making …………………… 547

Ho-Bin Ko

Security and Privacy Issues in Internet of Things …………………………………………………… 559

Jung Tae Kim

Improved Approach of Large Scale XML Schema Matching Method based on Tree Mining ……… 567

Jung-Gil Cho

Multi-Chip System Clock Signal Distribution Synchronization Technology with In-Phase Clock Lines …………………………………………………………………………………………………… 577

Kang-In Heo, Sung-Jin Kim, Hyun-Su Kim, Gyu Moon

A Study on the New RFP for the PMO-based Development of Next-Generation MIS …………… 585

Moonhee Han, Yousin Kim, Dae Ho Kim

Symbiotic Organisms Search Response to Distributed Database Queries …………………………… 595

Atinderpal Singh, Krishan Kumar, Rajinder Singh Virk, Hye-jin Kim

Electronics based Convergent Research

A universal infrared remote controller implementation for custom code identification systems ……… 621

Jin Young Kim, Sangook Moon

Comparative Analysis of Solar Power Generation according to Module Type …………………… 629

Jae-Hwan Park, Joon-Hoon Park

A Review Article on Green Energy Forecasting ………………………………………………………… 637

**Machine based Convergent Research**

Virtual-Engine Sound Design through Internal-Combustion Engine Acoustics Analysis ···················· 649
Hyung-Woo Park, Sang-Hwi Jee, Myung-Jin Bae

**Architecture and Civil Engineering based Convergent Research**

A Model for Urban Regeneration by Constructing Contemporary Publicness ·································· 657
Hee-Jin Yun
