# Table of Contents

## Business based Convergent Research

A Study on the Determination Criteria and Method for an Annual Supply Limit of Tax-exempt Fuel for Fishing Vessels ................................................................. 1  
Daehyon Kim

The Applicability of Voice Conversation on Detecting Intentional Loan Default in P2P Lending Industry ................................................................. 11  
Sangmin Lee, Hyung Woo Park, Jong-woo Park

An applications to Concept Engineering for the practical function of new products 21  
Kang-Lae Lee

A Study on the Effects of Social Capital on Collaborative governance 37  
Mi-Hyun Yu, Ju-Mong Na

Effects of Service Guarantee on Perceived Risk, Trust, and Service Value: Focused on Parcel Services 47  
Young-Soo Chung, Chul-Ho Jung

The case study of the design-operation-work based on 3P innovation; focused on the M-company in China 55  
Chang-Beom Shin

## Culture Content based Convergent Research

The Categorization and Conceptualization of Smart Toy 65  
Seungwhan Lee

Heaven descended to the earth Symbolism of Mughal Gardens during Shah Jahan’s Reign 75  
Choonho Lee

Study on Correlations between Participatory SNS Marketing and TV Rating - Focusing on KBS Brazil World Cup Broadcasting 89
Jong-Su Lee, Soon-Chul Kwon, and Seung-Hyun Lee
Analysis of local festival research trends in public administration through articles in journals 101

Eun-Joo Lee
A Study on Representations of Body in Our Time - Focusing on the Metaphors of Cyborg and Pornography 111

Gira Lee
Eugene O’Neill’s Long Day’s Journey Into Night: The Journey into Thanatos. 121

Jung-Ae Nam
Stories and Meaning of the Music Aesthetics of Modern Voluntarism 131

Jae-Jeong Lim
The Post Behavior Process after Purchase Satisfaction of Apparel Design Qualities Focused on Country Image 141

Di Zhang, Hyeong Yu Jang, Mi Jin Noh
A Study on the Coordinate Tourism Development of the Korean Christianity Holy Ground 151

Chong-Ki Jung
Humor Interventions in Faulkner’s Novels 161

Dong-Jee Keum
Sketch for rural churches located by the Huang-He area 171

Hae-Young Cho
Information Technology based Convergent Research

Social media Mining using Eigenvector Centrality of Graph 183

Jung-Gil Cho, Won-Whoi Huh
Auditory User Interface Guideline Development for Industrial Sound Design: focused on Function Preference and Sexual Difference 193

Hoon Sik Yoo, Da Young Ju
Investigating Socio-cultural Specificity of Mobile Augmented Reality(MAR) : Four Participatory Properties to Build MAR Experience 203

Ji-Hye Lee
A Study on the Effects of the Agile Methods Practices on the Success of Open Source Community 217

Handong Lee, Jong-Bae Kim
A Study on the Improvement of Classification and Abnormal Signal Detection Module for Improving an Object Identified in the Video-Rate Control .......................................................... 225
Ju Kyung Yoo, Jong-Bae Kim

A Study of the Pitch Estimation Algorithms of Speech Signal by Using Average Magnitude Difference Function (AMDF) ................................................................. 235
Shinae So, Kang Hee Lee, Kwang-Book You, Ha-Young Lim, Jisu Park

Development of Program for Ignition Temperature and Its Applications ............................. 243
Won-Hee Park, , Youngmim Cho, Tae-Soom Kwon

Efficient algorithms for iterative selection of big data and large samples ........................... 251
Jae-Hoon You, Cheong Youn

Study on Interactive Environment of Media Facade Using Multiple Mobile Devices .......... 261
Ha-Ree Jun, Hyun-Jung Yun, Youngsuk Kim

A Study on the Identification of Watermelon Using Acoustic Characteristics ...................... 271
Won-Hee Lee, Byung-Min Lim, Myung-Jin Bae

Advanced CSMA algorithm for throughput and utility maximization in wireless networks .......... 279
Hye-jin Kim

Organization Installation and Fire-service Environment Changes ...................................... 287
Jin-Dong Kim

A Study on the user attributes for acquisition of information by analyzing the durability of real-time issues .................................................................................. 299
Junyep Oh, Seungkyu Lee, Jooyoup Lee

Architecture and Civil Engineering based Convergent Research

Analysis on the current and future housing choice factors of the life cycle ......................... 315
Injoo Seo, Jiyoung Jung

A Study on Performance Criteria for Risk Assessment of Membrane Structures ............... 329
Sung-Ho Bae, Chang-Hee Kwon

Improving the Construction Work Temperature Index for the Construction Safety in Heat Wave Season ................................................................. 343
Jong-Kook Lee, Hyeon-Hui Chae, Yoo-Jin Park, Bo-Kwan Seo

PPK GNSS System based UAV Photogrammetry for Construction of Urban Disaster Prevention
Safety and Security based Convergent Research

Analysis by Country and Type of Terrorist Events Occurred in the Mediterranean region .......... 375
Sang-Ho Moon, Jung-Won Lee

Machine based Convergent Research

Study on Change in Temperature and Wind Speed near the Door of High-Speed Train During Door Opening in Winter ............................................................... 385
Youngmin Cho, Won-Hee Park, Duckshin Park, Soon-Bark Kwon

Welfare based Convergent Research

Social Distance of Affective Advice: The Role of Construal Level in Acceptance of Rational and Emotional Advice ......................................................... 395
Lu Li

phenomenological study on the volunteering experiences of Chinese-Korean in South Korea .......... 403
Hai-Ying Huang, Young-Soon Kim

The Effects of Job Characteristics and Cultural Factor on Job Satisfaction among Marriage Migrant Women Workers ................................................................. 415
Hyun Ju Lee, Yeong Hun Yeo

Impact of prospective social worker’s capability and empowerment on social policy well-being -With Prospective Social Workers living in “K” and “D” City- ......................................................... 425
Dong-Hyun kim, Jae-Mo Lee

An Analysis on the Re-design Improvement of Part-time Lecturer Support System at NRF ........ 433
Min-Hee Kim

The Research on Development and Effects of a Collaborative Consulting Program : Focusing on Maladjusted Children ................................................................. 443
Heeseon Koh

A Study on Living Conditions of the Elderly Receiving National Basic Livelihood Security System:
Focusing on Comparing them with Other Elderly Not Receiving It ........................................ 463
Yun-Jeong Kim, Sang-Jin Lee

The Effect of School Violence to Child’s School Adjustment : Moderating Effect of Ego-Strength
.................................................................................................................................................. 473
Eun-Sil Choi

Relationship between Cultural Sensitivity, Empathy and Competency of Nursing Students ........... 487
Park Hong Ju, Kim Nam Hee

**Education based Convergent Research**

Role Boundaries and Relations of School Police Officers and Teachers about School Violence Issue
.................................................................................................................................................. 499
Kwangsoo Kim

Analyzing the Level of Information literacy education for elderly people from the perspective of
digital literacy - Focusing on Information Education Teaching Textbook and Educational Programs for
elderly - ................................................................................................................................ 509
Yoon-Heui Cho

Research on the development of Capstone design instructional method: focus on an engineering
college ........................................................................................................................................... 519
Soon-hee Han

Exploring the Relationship between Bruner’s Legal Narrative Perspective and Education .......... 529
Hyeon-Suk Kang, Hye-Won Shin

Comprehension & Comparative study of Free relative clause and Indirect interrogative clause. - In
high school 1st grade textbooks - ............................................................................................... 539
Eun-Hwa Lee, Mun-Koo Kang

Performance Improvement of Bearing Fault Diagnosis Using a Real-Time Training Method ........ 551
Yoon-Jeong Cho, Jae-Young Kim, Jong-Myon Kim

The Research Trend Analysis of Pre-parent Education Program -focus on registration- .......... 561
Mi-Na Lee, Eui-Kyu Kim

The effects of satisfaction in university and motivation of choosing a teaching profession on
pre-service early childhood teacher’s teacher efficacy ............................................................... 569
Kyung-chul Kim, Eun-hye Kim, Ko-Eun Lee
A Qualitative study on being a teachers of pre-kindergarten teachers at the early childhood education

Hye-Kyoung Lee, Jae-Hui Yoon

A Comparison of Predicting Movie Success between Artificial Neural Network and Decision Tree

Shin-Hye Kwon, Kyung-Woo Park, Byeng-Hee Chang

Development and Effects Analysis of a Elementary School Scientific Inquiry Learning Module in a View of ESD: Focusing on 'Volcano and Earthquake' Unit

Sung-man Lim, Seongun Kim

A Framework for a Team Project Learning Process Based on a Lean UX Methodology

Seungyeon Choi, Jae Wan Park

A Survey of the State-of-the-Art in Korean Commercial IoT Services for deriving Core elements of Curriculum for Major Courses of IoT using RaspberryPi3

Kang-Hee Lee, Asilbek Ganiev

A study of the analysis CSAT Physics I on Learner's persepective

Bong-Ju Lee, Jin Jenong

A Study on Adolescents' Oral Health Behavior According to Brushing Education

Jung-Won Yun, Jung-Hwa Lee

The Factors Influencing of Role conflict and Job satisfaction in Teachers of Childcare Centers

Kyung-Mi Woo, Young-Ju Jee

Effects of Parental Support for Student Perceptions on School Adjustment: The Moderating Effect of Gender

Moonsun Kang, Hyunseok Kwak

A Case Study for the Governance of Co-op Education, focusing on the Policy Delivery in Netherlands

Jung-Yeon Lim, Young-Min Lee

Based on the Cognitive Proposal Search of Human Brain Program for Developing the Creative Personality Early Childhood Education Program

Do Gyeong-Yoo

A study on the difficulties of heritage language education faced by female immigrants through marriage

Jia Chen, Youngsun Lee, Youngsoon Kim
Research Trends in Constructivism Teaching Method (Focus on the Early Childhood Education) ... 703
Yong-sook Kim, Sun-hee Mim, Ji-eun Yu
An Exploration on the Key Competency for Enhancing Musical Literacy in Korea ................. 723
Jihyun H. Park

Healthcare based Convergent Research

The Relationship among Climacteric Symptoms, Menopause Knowledge and Coping for Middle-aged Women ................................................................. 733
Nayoung Choi

Study of Correlation in Thermography of Ocular Surface and Dry Eye Exam ................................... 741
Hyekyung Moon, Hyeran Noh

A qualitative research on turnover experience among hospital nurses ........................................ 751
Ji Sook Kang

Internet or mobile-based interventions for Family caregivers of patients with dementia; a systematic review ................................................................. 769
Park EunSil, Park Heeok

Antioxidative activity of Chicoric acid through Nrf2/MAPK mediated HO-1 induction in RAW 264.7 cells ................................................................. 781
Chung Mu Park

Relationships between the Adolescents’ Weekend Sleep Duration and Suicidal Ideation .............. 789
Hye-Seon Choi, Eun-Ju Seo

Demographic and Obstetric Characteristics, Social Support, Antenatal Depression, and Health-Related Quality of Life in Pregnant Women with Advanced Maternal Age: Compared with Pregnant Women Under 35 Years of Age ................................................................. 801
Sung Hee Lee

Study on the mouth of the tendency of seeking dental patient visits ........................................ 809

Relationship with the Emotional labor and stress and anxiety to the characteristics of dental hygienist job ................................................................. 819
Hye-Young Park, Hyo-Jin Ko, Hye-Jin Kim

Level and Related Characteristics of Phobia (Fear) for Dementia among Community Dwelling Elderly
Young-Im Park, Jeong-Su Park, Hyun-Seo Yoon, Nam-Hee Kim, Jin-Ho Chun
Drinking and chronic diseases ................................................................. 829
Young-Ju Jee, Kyoung-Nam Kim
Effect of the Tapping Therapy Adapting on Hemiplegic Upper Extremity in Stroke Patient .............. 849
Park Seon-II, Yoon Sook-Young
Effects of Thermotherapy using Mugwort on Stress, Fatigue and Body Composition in Middle Aged Women .............................................................................. 857
Kwang-Ok Kim, Sun-Ok Lee
A Convergent Study about Effect of Leader’s Voice Analysis Characteristics on Members’ Cognition in Formal Speech .............................................................................. 869
SangWoo, Hahm
A Study on the Analysis of Causes of Baby Laughing on the Noise ......................................................... 879
Uk-Jin Song, Eun-Young Yi, Myung-Jin Bae
A Case Study in Service Visualization: Comprehensive and Integrative Medicine Hospitals, Daegu .................................................................................................................................. 887
Kyung Mi Bae, Youn Sung Kim
The effect of Kumdo training on body-composition, active physical fitness and cognitive flexibility function in schoolchild. ......................................................................................... 897
Jong-Won Back, Min-Ki Lee, Jae-Sung Park
The Effects of Gratitude Diary Activities on Happiness and Gratitude Disposition among College Students .................................................................................................................................. 907
Eun-hee Lee, Ju-yeoun Kim, Ji-yung Jang, Juna Byun
The effect of College Students’ Ego-resilience, Career decision level, and College life adaptation on smartphone addiction ........................................................................................................... 919
Young-sook Lim, Ki-yeon Kwon, Suk-jung Han
LED Projector Using Pulse-Sensor Through Cinemagraph Interactive Contents ...................................... 933
Chan Lim
Role Adaptation Process for Physician Assistant ......................................................................................... 941
Hwa-Jin Lee
A Study on the Antecedents and Consequence of Market Orientation in Medical Service .................. 959
Seung-hee Shin, Ki-han Chung
