## Education based Convergent Research

- **The Effect of Teacher Aptitude and College Life Satisfaction on Teacher Efficacy of Pre-Kindergarten Teachers** ......................................................................................................................... 1  
  Kyung-chul Kim, Hye-seung Jung, Eun-ok Kim
- **School Plane Figure unit Using the Knowledge Space Theory** .................................................. 13
  Jong-Hak Lee
- **The Impact of Teacher Education Program on Early Childhood mathematics Based on Nuri curriculum of Pedagogical Content Knowledge of Mathematics and Mathematics Teaching Efficacy** ............ 33
  Jung-Ju Kim, Byung-Man Kim
- **In Search of Narrative Science as a Convergence Discipline and its Implication and Direction** ............. 45
  Hyeon-suk Kang, Ji-eun Lee
- **A Configurational Study of Relationships among Process and Performance in Team Project** ............... 55
  Seon-Ho Jeong
- **A Study on psychoeducational use of sad music for self-regulation** .................................................. 63
  Kyung-Sun Kang
- **The influence of digital content on children's reading** ......................................................................... 73
  Ha-Na Lee, Lin Wang
- **The Impact of Virtual Reality on the Extensibility of Exhibition Space and the Usefulness of Outreach Program in the Museum** ........................................................................................................ 83
  Hyun-a Kim
- **Influential Variables on Intention and Action Exercise Behavior between Obesity and Non-Obesity Adolescent : Based on the Transtheoretical Model** ........................................................................ 93
  Kim Nam hee
- **The Effect of Satisfaction in Major and Self-leadership on Career Preparation Behavior in Male Nursing Students** .................................................................................................................. 105
A Study on the Meaning and Limitations of Curricular Convergence Based on Spatiality of Being: Focus on Heidegger's "In- der-Welt-sein" .............................................. 119

Jeong-Min Seong

An Analysis on Gender and Career Types of Illustrations in 7th Grade Science Textbooks Based on 2009 Revision Curriculum ................................................................. 127

Minji Ko, Kyunghee Kang

Analysis of the Structural Relationships among Instructional Quality Factors, Learning Satisfaction, and Academic Achievement ................................................................. 135

MJong-Yean Lee, Jong-Teak Seo

Exploring the historical texts through the study of Chinese characters ........................................ 145

Joo-Eun Lee

A Qualitative Study on Global Citizenship Education Teaching Experience of Adult Instructors … 155

Hee Lee, Eun Soo Choi

The Analysis on interest of the physical education teachers about the revised physical education curriculum in 2015 ................................................................. 165

Jong won Lee, Changun Park

Factors of Participation Motivation in Long-Life Education Affecting Education Effectiveness through Education Satisfaction ................................................................. 175

Won-Geun So, Ha-Kyun Kim

The Effects of Epistemological Beliefs on Creative Teaching of Pre-Service Teachers ............... 187

Young-ju Hur, Young-ki Kim

A Case Study of Model-Based Integrated Class Operation ................................................................. 197

Doyoung Lee, Hyunmi Chung

Analysis on the Educational Performance of the Field Semester ............................................... 213

Noh, Shim-Deok

The Effect of Leader's Transformational Act on Employee's Learning Organization Performance … 221

Lim mong tak

Newton’s Frustum and Glass Pyramid of I. M. Pei ................................................................. 229

Jeannam Park, Mimgu Park, Kyounghee Hong

Factors Affecting Problem Solving Ability among Nursing Students ......................................... 245

SeungHee Han
A Study on Subject Integration During Free Semester .......................................................... 255
So-Young Park

A study on effects of collaborative preference, collaborative self-regulation and group cohesiveness of learner on learning community’s satisfaction in University .................................................... 265
Mina Choi

Searching the Potential of OER for Overcoming the Educational Inequality in the Digital Era ...... 273
Ha-Young Shin, Eun-Hwa Lee

Improvements of Facility Management for International Schools in Jeju by Analysis of Cases .......... 285
Myunghoun Jang

A Research on the Relationship between Culture, Arts and Sports Education of Adult Learners and Their Satisfaction with Life from the Perspectives of Lifelong Education ........................................ 295
Su-jeong Han

An Analysis of Self-Efficacy of University Students: Focusing on University Students Majoring in Sports ................................................................................................................................. 313
Ho Yoo, Ji-Eun Kim

A Preliminary Exploration on the principle of Competency-based Education based on Narrative Education in Higher Education .................................................................................................. 321
Soo-Dong, Kim, Pil-Seong, Kim

World English Acquisition through the Interactions between EFL Learners in Asian Context ....... 331
Bok-Myung Chang

Developing Method and Model of Teaching-Learning in Elementary School Mathematics with Vygotsky's ZPD Theory ........................................................................................................ 347
Mi-Young Oh, Seak-Zoon Roh

A Study on University Management System of Mei Yiqi ............................................................ 357
Tae-Jun Lee

An Evaluation of Learning Community by using CIPP model: Focused on the case of a tutoring program in the university .......................................................................................................... 369
Mijin Kim, Jung-A Lee

The Study on Elementary Students’ Current Conditions of Cosmetics Usage ............................... 381
Ju-Duck Kim

Perception of Early Childhood Teachers on Aesthetic Approach by Q Methodology ...................... 395
Woo-Young Kim, Hyeyoung Jung
The Effect of State of Makeup and Makeup Behavior Factors on Self-esteem and Interpersonal Relationship among Middle and High School Girls ................................................................. 409

Seung-Kyung Choi, Min-Chan Gil, Min-Shin, Kim

**Healthcare based Convergent Research**

The influence of water drinking on oral management behavior and bad breath in college students ................................................................. 421

Ji-Young Nam, Hye-Jin Kim, Seon-Min Park, Su-Hyeon Choi, Hye-In Jeon, Min-Joung Kim, Min-Kyoung Lee

Job performance and Job performance rate of clinical dental hygienist ............................................. 431

Ji-Hee Kim, Hye-Jin Kim

Subjective Health-Related Awareness and Happiness Index in the Maritime Police Adults .......... 441

Hyun-Seo Yoon

The Comparison of Sensory Processing and behavior characteristic Between Autism Spectrum Disorder and Mental Retardation ........................................................................................................ 455

We Ji-hee, Oh Eun-Young

COX-2 inhibitory effect of luteolin through the regulation of NF-κB and ERK in phorbol ester activated human lung epithelial cells ................................................................. 467

Chung Mu Park

Socio-economic Factors Affecting Orthodontic Treatment in Korean Children ................................. 475

Hye-Jung Jin, Min-Kyung Kim

Job stress, Burnout and Turnover Intention according to VOC Experience of Hospital Nurses ...... 485

Ji Sook Kang

Factors Related to Clinical Management in the Incidence of Benign Prostatic Hyperplasia Among Middle-aged and Older Men ................................................................. 501

Seong-Ran Lee

Influencing Factors on Health Promotion Behavior of Nursing Students ........................................... 509

Young Sook Kim, Kyoung Sook Lee

Personality Type, Ego State and Self-esteem of Nursing Students .................................................... 523

Mi-Ryon Lee, Youn-Kyoung Kwag

 Appropriateness of screening clinic response in proliferation of MERS ........................................... 535

Sung Kgun Lee, KyeongWon Kang
Analysis of public recognition survey for The Jeju Agricultural Safety and Health Center ............ 545
   KyeongWon Kang, Sung Wook Song

Factors Affecting Systolic Blood Pressure in Elderly Female Patients with Hypertension ............ 557
   Myoungjin Kwon

Effects of Foot Reflexology using Essential Oils on Constipation and Physiological Change of Female University Students ................................................................. 567
   Mi-Ra Jeong, Eun-Young Choi

Life confidence and Clinical performance confidence by University admission type -Focusing on Nursing students- ......................................................................................... 583
   Sunyeun-Hong, Kooyyoon-Jung Teasun-Kim

The Effects of Learning Orientation on Absorptive Capacity and Incremental Innovation of Nurses : Mediating Role of Absorptive Capacity ................................................................. 591
   Lee, Kyung Hee

Welfare based Convergent Research

A study on the effects of Family Network on the User’s Satisfaction of the Community Elder Care Services ........................................................................................................ 605
   Jin Soo, Kim

The Effect of Health Conditions, Welfare Service Use, and Family and Social Support among the Korean Disabled on Their Life Qualities ......................................................... 615
   Yun-Jeong Kim, Sang-Jin Lee

Physical activity of elderly people, mental health and quality of life .............................................. 625
   Young-Ju Jee, Kyoung-Nam Kim

Analysis of the Community Child Center Living Workers’ Needs for Community Collaboration related to the Prevention of Child Abuse .............................................................. 633
   Mi-Oak Koh, Sun-Ock-Koh

Business based Convergent Research

The Effectiveness Analysis of the ERP Introduction Cases For the Successful Building of Global ERP within the Enterprises ................................................................................. 643
   Kwon Oh Yeon, Chae Myung Sin
The Effects of the Competence of Consultant on the Consulting performance, Utilization and repurchase intention .......................................................... 655
Yongdae Jeon, Wonchul Seo

Quality Determinants of Online Shopping Mall and Users’ Characteristics as a Moderating Effect ................................................................. 665
Xin Gao, Min-Sook Kim

The study on activation plan of Geographical Indication Regulation: Focus on Makgeolli Industry ................................................................. 675
Kyeha Shin, Hwansoo Lee

Analysis of Current Situations of Real Estate Market .............................................. 685
Jae-II Jang, Eunjoo Oh

Culture Content based Convergent Research

Foreign Workers’ Perception of the Usefulness of Bilingual Ability in Korea ................ 695
Kwangsoo Kim

Significance in Yeoseong Gukgeuk Chunhyangjeon in terms of Feminist Aesthetics and Cultural Contents .............................................................. 703
Sa-bin Shin

K-POP Contents Development through the Fusion of Gutgeori Jangdan and Rumba Clave Rhythm ............................................................... 713
Chang Ku Lee, Seungyon-seny Lee

A Study on Korean Traditional Ideology of Filial Duty and Parent Support ................ 721
Jingu Jeong, Dongho Lim

The Relationship between Standards and Diversity in Art and Culture: Focused on Poetics .... 731
Byungkee Jung

Act on the Management of Multi-family Housing Systems related to conflict and conflict in Apartment Housing Studies. ........................................... 743
Won Kook Kim, Sooyoung Lim

Autoethnography of Changes in the Patriarchal Representation ................................. 757
Ji Wook Kim, Myeung Chan Kim

A Study on the Difference of Gender-Role Stereotype According to Sociodemographic Characteristics
of Adults ........................................... 767
Won Woo Shin

Williams and the Grotesque: Focusing on Williams’ Art Criticism ........................ 777
Jin-Ho Shim, Byung-Chul Lee

Transcribing Mandarin Chinese Conversation: Linguistic and Prosodic Issues ........... 787
Jee Won Lee, Hong-yein Tao, Ping Lu

A Study on the Voice Characteristics of Singer Jo, Su-Mi ...................................... 801
Uk-Jin Song, Myung-Sook Kim, Myung-Jin Bae

Study on the organization, role and function of North Korean Inminban .................. 809
Chae Kyung Hee

Information Technology based Convergent Research

A Study on Mobile Device users' Sentimental Analysis on the SNS through the R program .... 821
Hyeon-Kyung Lee, Jong-Bae Kim

Comparison of Mining Capability between ASIC Mining and GPU Mining .................. 829
Seung Joo Choi, Jong-hae Kim

A Study on the Acoustic Transfer Characteristics using Fingers ............................. 837
Hyung Woo Park, Myung-Jin Bae

Effects of the Degree of Match between Prior Expectation and Perceived Performance on User Satisfaction in New IT Services ................................................................. 845
Seong-Su Kim, Chul-Ho Jung

A SNS Message Type Classification System .............................................................. 853
SooYeon Yoon, YangHa Chun

A Study on the ICT Policy Governance in Historical Context ..................................... 861
Wookjoon Sung

A comparative study of recent advances in Big data Security and Privacy .................. 873
Ahlam Kourid, Salim Chikhi, Seng-phil Hong

A Study on Technical Issues and Institutional Issues of Big Data Analysis Market: Focusing on the In-depth Interview Method ................................................................. 885
Jae Kwon Bae

Travel Distance Estimation Method based on TSSI(Transmitted Signal Strength Indication) in Wireless
Communication using LED ................................................................. 895
Kiju-Kim, Se-il Oh, Kyungsu Yun, Doo-Hyun Choi

Digital Color Grading for the Visualization of Fantasy ........................................ 903
Chan Lim

A Review on Attribute Based Encryption ............................................................... 913
Hye-Jin Kim

A Study on Mobile Service Design to Encourage People in their 20s to Participate in Elections .................................................. 923
Hyo-Jeong Kwon

Architecture and Civil Engineering based Convergent Research
Development of Android Application for Surveying Results Management of Urban Facility ........ 935
Tae Bok Yoon, Joon Kyu Park

Limitation Rainfall Runoff in the Watershed Forest .............................................. 943
Hyun Choi

Application of UAV Photogrammetry for Standardization of Shoreline Survey .................. 953
Min Gyu Kim, Kap Yong Jung

Analysis of Drought Damage around Tonlé Sap which is Largest Lake in Southeast Asia Min Gyu Kim, Kap Yong Jung ................................................................. 961
Jong Sin Lee, Dae Yong Um
