Table of Contents

Education based Convergent Research

A Study on the understanding of Korean University Education Changes through a case study of Competency-based Education at D University in Korea .......................................................... 1
Soo-Dong, Kim, Pil-Seong, Kim

HRD Characteristics and Roles of Higher Education in the Creative Industries .......................... 9
Bong Joon Kim, Jinxi Michelle Li, Sung Eui Cho

A study on influence of pre-service early childhood teacher’s achievement motivation and stress coping styles on their social problem solving ability .................................................................. 29
Ji-Young Park, Sang-Kil Han

Suggestion Design for Elementary and Secondary School Uniforms in China -- Focused on design, textile, color preference ................................................................. 43
Miao Yu, Young-Sook Lee

Education program development for early childhood character through Nuri curriculum .......... 55
Soo-Min Bae, Jeong-Jin Youn

Recognition of General arts classes based on movie - Focused on the movie "Untouchables: 1% friendship" ................................................................. 63
Seong-Won Kim, Jeong-Jin Youn

The Effect Short-term foreign volunteer activity of Global Leadership on University Students .... 73
Yeole Chun, KyoungMi Kim, YoungHye Hwang

A Study of English Language Learning History and Perceptions of Primary School Students in Seoul and Gyeonggi Province .............................................................. 87
Nam-Joon Kang

A Study on the Practice of Character Education through an Analysis on Correlations among Character subfactors: Focus on KEDI Character Test of First Grade Students in High School ........ 105
Jeong-Min Seong
An analysis of Learning Attitude among the Chinese Students in Korea - focused on the Q Methodology .......................................................... 115
Li Zhangpei, Li Xiaohui, Changun Park

The Effects of Smart Educational Competency on Smart Tools Usage of Teaching Design .......... 125
Young-ki Kim, Young-ju Hur

Teachers' recognition on Operation of Career Activity During Free Semester in Middle School .... 135
So-Young Park

A Blended Learning Chinese Class Instruction Plan Combining Smart Learning ..................... 145
Joo-Eun Lee

Modeling of Mathematical Creativity Curriculum Using Narrative - Centered on Teaching and Learning - ............................................................... 155
Dan-Young Kim, Hyeon-Suk Kang

The Significance of Intercultural Competencies of Graduate Students through Multicultural Education Learning Experience .............................................. 165
Hyeonmin Kang, Sekyung Oh

Difference Analysis on Creative Cognition, Learning Flow, Creative Personality of College students Participating in Learning Community by Academic Majors and Grades .............................................. 175
Hyejin Kim, Okboon Kim, Chanho Jung

A Study on the Current Curriculum of Cosmetology Related Departments in 4-Year University - Focused on Depth Analysis of Professional Group - ...................................................... 185
Se-Hee Lee, Eun-Young Choi

A Basic Study on the Development of a Mobile Data Sampling Method based on ESM to Examine Child-care Teachers’ Emotional Experience .............................................. 199
Soojung Kim, Yungil Lee

A Study on Curriculum Development for Make-up National Technical Certification Establishment of Beauty-Related Departments in University ......................................................... 207
Young-Hee Choi, Eun-Young Choi

Lesson Recommendation of Shaw’s Pygmalion as a Liberal Arts .............................................. 221
Joo-Eun, Park

A Study on Situation and Problems of Gender Perspective of Child Welfare Teacher Support Project ........................................................................ 231
Yeo-joo Jung, Jeong-Suk Kwon
A Comparison Study on the Speech Signal Parameters for Chinese Leaners' Korean Pronunciation Errors - Focused on Korean /ㄹ/ Sound ................................................................. 239
   Kang-Hee Lee, Kwang-Bock You, Ha-Young Lim

A Study on Developing Competency and Activating Vocational Training and Development of Science Major Workers ................................................................. 247
   Young-Min Lee, Kyung-Jin Bae, Sung-Eun Cho

A Study on the Improvement of Social Identity in Korea: Compare to Han-Chinese and Korean-Chinese ................................................................. 255
   Xiu Jin, Sang-Woo Hahm

A Study on the Undergraduate Grade Distribution According to the Types, Locations, Scales and Subjects of Universities in Korea ...................................................... 267
   Sahoon H. Kim, Chung-il Hwang

(A) Study on the Simulation-based Education using the Self-Directed Learning ...................................................... 277
   Ryewon Ma, Eunjoo Lee, Haeok Kim, Younju Jee

Where Goes Wrong with the Isaac Newton’s Gravitational ‘Moon Test’? ...................................................... 287
   Sung-Lyul Maeng

The Effects of Writing Gratitude Journal on Preservice Early Childhood Teacher’s Gratitude and Positive Affect ...................................................... 297
   JiAe Hwang, SungJae Kim

Speaking and Culture: The influence of self-construals on the perception of speaking ...................................................... 307
   Kyung-Woo Park

The Effects on Learning Outcomes by the Characteristics of Adult Learners and Educational Institutions in a University's Lifelong Education ...................................................... 317
   Hee-Bong Bang, Eun-Sang Lee, Ha-Jin Park

Healthcare based Convergent Research

Factors Influencing on Workers' Intention to Use Healthcare for Wearable Device ...................................................... 337
   Mi-Ra Jung, Yeong-mi Ha, Seung-Kyoung Yang

The effect of Plyometric Training on agility and react instantly according to plyometric training for 12weeks; (Intellectual Disability) ...................................................... 351
   Ui-Chol Kwon, Jae-Sung Park, Min-Ki Lee
Research on Stress Factors of Occupational Therapy Students .................................................. 361
  Goen-woo Kim, So-ra Yoon, Ba-hoe Cho, Jong-Sik Jang
Skin Moisture changes after medical skin care in Acne Vulgaris patients ............................ 371
  Hee-Su Nam, Kyung-eun Kim, Min-Shin Kim
Effects of Intervention Programs for Alcoholic Couple: Systematic Review ..................... 381
  Se-mi Lim, Gyu-Hee Park, Yu-Jeong Kim
Nursing Review of Elderly Delirium Patients ................................................................. 395
  Hwang Heajung
Sexual Dysfunction and Related Factors in Peri-menopausal Women ............................... 405
  Hye Young Kim
Change of University students’ Smoking Behavior before and after Non-Smoking Policy .... 419
  Kim, Namhee
Personality and the Influencing Factors in Nursing Students ............................................. 427
  Mi-Ryon Lee, Mun-Hee Nam
Influencing of Self-efficacy and Depressive symptom on Interpersonal Communication Competence of Nursing Students ................................................................. 439
  Ga-Won Seo, Myoung-Jin Kwon
The Relationship Between Sociodemographic Characteristics and Problem Drinking of Older Men ................................................................. 451
  Won Woo Shin
Counseling of Freshmen’s focused on Identity utilizing Narrative Therapy ........................ 461
  Myongnam Jun
Factors influencing Quality of Sleep in Nursing Students ..................................................... 473
  Young-Sun Kim
Consideration on International Standardization Trends for Re-identification of Personal Medial Information - Focused on ISO DIS 25237 ......................................................... 485
  Cheoljung Kim, Kwangsoo Yeo, Soonseok Kim
Effect of regular Neurofeedback training on attention span, neural reflex, gross motor and fine motor function .................................................................................................................. 493
  Jae-Sung Park, Min-Ki Lee
The Difference of Health Behavior between Screening and Non Screening Group by Health Examinations Services .......................................................... 503
Young-Ju Jee, Yoon-Ji Kim

Effect of Application of Compression Stockings on Edema and Fatigue of Lower Extremities and Fatigue in Practicum Nursing Students .......................................................... 511
Hee-Jung Jang, Youn-Kyoung Kwag

Relationships among Academic Burnout, Stress Coping and College Adjustment in Nursing Students .................................................................................................................. 521
Mi-Kyoung Lee, So-Hee Lim

Determinants of Depression of the Elderly Outside the Long-Term Care Insurance ........................................ 535
Hye-Sook Jang, Byeongil Rho

Effect of Physical Activity and Stress Coping Strategy on Psychological Well-Being of College Students .................................................................................................................. 545
Jee-Yeon Park

Path Analysis among Professionalism, Followership, Character strengths and Turnover intention, of Nurses .................................................................................................................................href
So-Jung Lee

The relationship between trauma experience, anger level and stress coping of Conscripted Policemen .................................................................................................................................href
Eunae Burm, Youngjin Kim, Gyun-Young Kang

Insufficient Sleep and Internet Usage in Middle School Student .................................................................................................................. 579
Eun-Mi Kim

Effects of Global Competency on Cultural Competency in Nursing Student .......................................................... 589
Jeong-won Han, Jung-min Kim

Welfare based Convergent Research

Determinants of poverty status movement of the poor elderly in Chungcheongnam Province .......... 603
Sang-Jin Lee, Yun-Jeong Kim

Analysis of the content of domestic internet newspapers searched using the keyword of the elderly suicide .................................................................................................................................href
Mi-Ran Lee
Culture Content based Convergent Research

A Study on the Role of Policy Broker in the Broadcasting and Telecommunications Convergence Environment ................................................................. 621
Wookjoon Sung

Aesthetic Strategy in DADA Exhibitions: Topology of Convergence ................................................. 635
Shan Lim

Research on the Development of Theatrical Stage Contents Based on Interactive Media .............. 643
Sunwoo Yang, Chan Lim

A Qualitative Study on Acculturation of Female Immigrants by Marriage in Korea .................... 651
Kwangsoo Kim

A Study on the Development of Tourism Resources in Connection with the Development of Local Rural Cultural Contents ........................................................................... 661
Rack-In Choi

The Effect of Names on Humanity and Life ..................................................................................... 671
Ssngchun Shin, Changgun Jung, Jingu Jeong

Architecture and Civil Engineering based Convergent Research

The Verification Of Green Soil Material Characteristics For Slope Protection ....................... 681
Byung-Jae Lee, Hyung-Seok Heo, Jae-Ho Noh, Young-Il Jang

Application of Laser Scanner for Mine Management and Mining Plan ...................................... 693
Joon Kyu Park, Kap Yong Jung

3D Architecture Modeling and Quantity Estimation using SketchUp ........................................ 701
Min Gyu Kim, Dae Yong Um

Architecture and Civil Engineering based Convergent Research

The Study on Control Algorithm of Elevator EDLC Emergency Power Converter .................. 709
Sang-min Lee, IL-Song Kim, Nam Kim

Information Technology based Convergent Research

Development of crop harvest prediction system architecture using IoT Sensing .................. 719
Oh Jung Won, Hangkon Kim
A Study on UX Application Plan to Improve Communication Divide of Mobile Users with Disabilities ................................................................. 731
Hyo-Jeong Kwon

IT Convergence Guitar and its Learning Platform .............................................. 741
Yejin Shin, Soonuk Seol

Comparison of Preprocessing Using SQI and a Bilateral Filter ........................................ 751
Bok-Jin Oh, Seo Young Ha, Hee Jin Byeon, Doo-Hyun Choi

An efficient opinion mining technique for processing unstructured data in korean ............... 759
Kihun Nam

A Study on the Guidelines for the Development of Data Curation Policy ............................... 767
Bo-Ra Jin, You-Ra Youn

A Basic Study on the Development of Autonomous Behavioral Agent based on Ontology Used in Virtual Space ........................................................................ 777
Yun-Gil Lee

An Exploratory Study on the Key Components of Financial Information Technology Compliance Systems: Focusing on the In-depth Interviews with Experts .................................................... 785
Chang Hoon Cho, Jae Kwon Bae

Implementation of the Brand Soccer-boots Recommendation System using First-Order-Logic and PROLOG ................................................................................. 797
Gyo-Pil Seo, Kyeong-Hoon Jang, Dong-Hyun Kim, Ye-Jin Kim, Kang-Hee Lee

Panorama Imaging System Using Hyperbolic Cylinder Reflector and Image Reconstruction Algorithm for Automotive AVM System ........................................................................ 807
Young-Jun Ko, Soo-Yeong Yi

A Method of Interaction with AR Object Using Hand Gesture and Arm Movement Recognition in Augmented Reality Advertising ........................................................................ 817
Byeong Jeong Kim, Min Ho Tak, Jae-II Jung, Seop Hyeong Park

A Study on User Interface and Control Method of Web-based Remote Control Platform ........ 827
Kangwon Lee, Yejin Shin, Yeonji Lee, Soonuk Seol

A Study on Gesture Interface through User Experience ......................................................... 839
Ki Tae Yoon, Eel Hea Cho, Jooyoup Lee

A Study on Spatial Co-experience through Social Data ......................................................... 851
Min-Geum Cha, Jooyoup Lee
Designing of Image Processing Curriculum Considering Network Security ........................................... 861
       Jun-Ho Huh

Analyses of Security into End-to-End Point Healthcare System based on Internet of Things ............. 871
       Jung Tae Kim

Study of Similarity between Stone Bell sound in Maneo temple and normal bell sound ............... 881
       Bong-Young Kim, Hyungwoo Park, and Myung-Jin Bae

A Study on Improvement of Sound Quality through the Fingers vibration Acoustic Transfer .......... 889
       Hyung Woo Park, Myung-Jin Bae

Robust Dynamic Projection Mapping onto Deforming Flexible Moving Surface-like Objects ........... 897
       Hyo-Jung Kim, Jinho Park

A Study on Activation Method of Website through Log Analysis -Focused on the website (MMWS) for research the Mediterranean Area- ................................................................................................. 907
       Ji-Hoon Kang

Business based Convergent Research

Testing for Structural Breaks in Global Agricultural Growth after the Global Financial Crisis ........ 917
       Hwa-Nyeon Kim

A Comparative study on the Entrepreneurship of Korea and China ................................................. 927
       Heechan Kang, Lin Wang

Exploring of the Economy of Communion as Communities of Practice ....................................... 937
       Jin-Hee Kim, Byoung-Soo Kim

Credit Guarantee Policy and Spatial Information during the Economy Changes : Special Warranty for MERS-CoV ......................................................................................................................................... 947
       Man-Su Kang, Hee-Young Son
