Table of Contents

Information Technology based Convergent Research

Relative Importance Analysis of Management Level Diagnosis for Consignee's Personal Information Protection .................................................................................................................. 1
DongSung Im, Sang-Joon Lee

A Study on Sound A Color about Distinguishing Voices Characteristic ........................................ 13
Bong-Young Kim, Eun-Young Yi, Myung-Jin Bae

Quantitative Handwriting Verification Method Based on Geometric Features Using Modified Hausdorff Distance .................................................................................................................................. 23
Woohyuk Jang, Sehee Kim, Yoonkyoung Kim, Eui Chul Lee

Analysis of Intelligent Vehicle Control Methods for CIM at Non-signalized Intersections .................. 33
Hyunjin Joo, Yujin Lim

Analytical Study on Developing IoT Healthcare Device for Infants and Toddlers ............................. 41
Eunjoo Shin, Ho kwon Kim

Non-verbal Communication Method Using Smart Watch ..................................................................... 51
Su-Yeon You, Jong-Hoon Choe

Application Adaptive Pattern-based Authentication Method for Smartphones ............................... 59
Dongmin Choi

An Impact of Application of Reverberation to Monitor Environment When Recording Vocals on Interval Accuracy .................................................................................................................................. 69
Jae Youn Chung, Jae Rock Park

A Study on the Continuous Use Intention of PSS-based Wearable Health-care Devices .................... 79
Yong Duk Chi, Dae Bum Ji, Gwang Yong Gim
Business based Convergent Research

Purchase Intention on Online Financial Products among Chinese Consumer ............................................. 89
Zhipeng LI, Hyi-Thaek Chong, Sang-Joon Lee, Kyeong-Rak Lee

Services in International Trade of South Korea: Factors Influence on the Share ........................................ 103
Youn Sung Kim, Kyung Mi Bae

The Effects of Benefit Sought on Satisfaction and Behavioral Intention of MICE Participants .......... 113
Sung-Hee Jang

The Relationships between Organizational Innovation and Innovation Activities: The Evidence from
Korean Innovation Survey in 2014 ................................................................................................................. 123
Do-Bum Chung, Byungil Kim

A Study on the Development of Local Industry for Activation of the Alienated Industry .................. 133
Woong Eun

The impacts of Career Plateau on Organizational Commitment and Job Stress: Focusing on Employee in
Multinational Corporations ......................................................................................................................... 141
Chang-Wook Jeon, Dae-Yong Lee, Sun-Geun Kim

Supervisory Trust in the Public Organizations: Its Determinants and Effect On Organizational
Effectiveness ................................................................................................................................................. 149
Jong-Pyo, Park, Jong-Wook, Ko

Priority Analysis for Purchase Decision Factors of Customer in Open Market ............................... 159
Choongssoo Lee

Research of public supply system reorganization plan for Businesss Start-up company and Medium and
small enterprises ........................................................................................................................................ 169
Yong-Ha Lee, Jin-Han Bae, Kwang-Jae Kim, Kyeong-Seok Han

Impact of K-TV DRAMA on Cosmetic Export : Focus on Google Search .............................................. 179
YeonDae Kim, JiEun Son, SeongMun Son

Plans for Kelly Criterion related to the Maximization of Compound Growth Rate in the KOSPI200
Futures market ............................................................................................................................................ 187
Taewan Kim, Mihyeop Lee, Daeryong Seo

A Study on the Efficient Operation and Improvement of the Parallel Import System in Korea ........ 195
Jon-Mo Yoon, Yeong-Sik Yoo
A Study on the Selection of the Best Source System for the Selection of the NCO Selection System .......................... 203
Jun-Hwa Song

Protecting farmer’s rights of patent seeds through limited patent exhaustion doctrine .................. 211
Minsuh Shin, Hwansoo Lee

Effect of External Network On the Innovative Performance - Focused on the Moderating Effects of Entrepreneurial Orientation- ................................................................. 221
Dong-Seop, Chung

Services in International Trade of Mongolia and Chinese Taipei: Factors Influence on the Share ..... 231
Kyung Mi Bae, Chul Yong Ahn, Youn Sung Kim

**Education based Convergent Research**

The Application of the Hierarchical Model of Intrinsic Motivation in a Korean EFL University Classroom .................................................................................................................. 239
Bo-Kyung Murray

Medical Students’ Perception of physician values ................................................................. 253
Hyo Hyun Yoo

Dental Hygienists' Perception of Education Programs and Service Quality on Dental Coordinator ...... 263
Hye-eun Cho, Seon-yeong Kim

Curriculum Selection based on Analysis for Learning Environment and Practice Educational Needs among Nurses in Public Medical Facilities ........................................................................ 277
In-Suk Yang, Dongwon Lee

Moderated Mediation effect of Self-control on the relationship of ‘Smart phone addiction - School adaptation - Happiness’ ................................................................. 297
Yun-Seob Eom, Eun-Sil Choi

A study about preferred coaching styles in golf class ............................................................. 309
Ho Yoo

An Empirical Study on the Determinants(Game Characteristics, Psychological Characteristics, Environmental Characteristics) about Causes of Game Excessive Immersion ............................... 319
Hyeon-Gyu Kim, Ha-Kyun Kim
A study on the Characteristics of the Educational Training Programs on Learning Transfer Performance - Focusing on moderating effects of self-efficacy - ................................................................. 331
Seon-Hye Jang, Do-Geun Kim

The Way to Improve English Education using English Newspapers .................................................. 343
You-Jin Jeong, Mun-Koo Kang

Analysis of Reinforcement Learning Methods for BS Switching Operation ........................................ 351
Hyebin Park, Yujin Lim

Development of a training program for teaching methods based on competency diagnosis .............. 359
Jung-Suk Kwon, Yeo-joon Jeong

Relationship between Communication, Interpersonal understanding, Proactivity in problem solving, and Team efficacy of Medical students and Nursing students ......................................................... 369
So Jung Yune, Eun Young Lee, Kw电机 Hwa Park

A Phenomenological Study on the University Life Experiences of Students on Academic Probation ... 379
Okboon Kim, Hyejin Kim

A Study of Curriculum Effectiveness of A Special Alternative School Based on Constructivism ...... 391
Hee-ju Jung, Dae-ryong Seo

Challenges of non-native English speaker international students on the written assignment in UK universities: a critical review of the recent empirical literature ...................................................... 401
Misun Lee

Instructional Direction of Architectural Engineering Design Based on Multi-Year Case Analysis ...... 413
Myunghoun Jang

The Relations Between Resilience, Parent-Child Communication, and School Adjustment and Depression and Anxiety in Missionary Kids ................................................................. 423
Hye-Jung Je, You-Jin Han

Effects of Utilizing Learning Journal on English Language Learning: A Meta-Analysis ................. 433
Jeong-ryeol Kim, Hyun Jung Lee, Je-Young Lee

A Qualitative Analysis on the Factors of Family, Peer, and School of Adolescent Doing School Violence ................................................................................................................................. 445
Myounh-Ja Lee, Young-Gab Kim

A Study on Hangul Puzzle Production Method for Augmented Reality and Puzzle-based Child Language Education Device ................................................................................................................................. 457
Ho Kwon Kim, Eunjoo Shin
Touch Sensory in Virtual Clay Art using Leap Motion and Arduino ........................................ 467
Yoochang Yoon, Seongah Chin

The Effect of The Proactive Personality And Communication Ability on Happiness of undergraduate Students .......................................................... 475
Mi-Suk Choi, Sung-Hee Kwak, Jae-Chang Lee

A Study on the Trend of the Infant Personality Education for Practical-oriented Personality Education Program .......................................................... 485
Kyung-chul Kim, Ko-eun Lee

Relationships among Early Childhood Teachers’ Sense of Happiness, Ego-resilience, and Self-determination .................................................................. 495
Hye Yoon Kim, Pyong H. Kim

Effects of the Leadership Program on Leadership Life Skills and Self esteem in Nursing Students .......................................................... 505
Mi-Ryon Lee, Eun-Jung Cho

A Study on the Motivation of Studying in Kuwait Students Based on Self-Deterministic Motivation Theory .......................................................... 515
Lee, Min-kyeong, Kim, Sang-soo

Influencing of Resilience and Innovative organization culture on Self-Leadership of Nursing Students .......................................................... 525
Junghee Ryu, Jeonghwa Cho

A Study on the Development Agenda through the Analysis of the Status and Type of School Evaluation by the Metropolitan and Provincial Office of Education .......................................................... 535
Sang-Chul Lee

Analysis of Teacher Competency as curriculum expert using Semantic Network Method .......................................................... 545
Eun Ju Kim, Jin Suk Lee

The Relation between Meaning Making about Process of Achieving Long Term Goals and Subjective Well-being in College Students: Mediating Effects of Meaning in Life .......................................................... 555
Seol-ae, Jo, Young-sook, Chong

English Education Major University Students’ Perception of English Grammar and Communicative English Grammar Teaching .......................................................... 567
Ji-Eun Kim, Young Hun Choi

Relationship between Perfectionism, Anxiety and Academic Stress in Nursing Students .......................................................... 577
Kyung Hee Shon, Nam Hee Kim
Machine based Convergent Research

Experimental Study on Heat Transfer Characteristics with Number of Fins in Fin-tube Heat Exchangers for Domestic Refrigerator ................................................................. 589
Se-Hun Park, Geon-Young Jo, Ji-Hyoung Kim, Jeongbae Kim

Non-contact measuring temperature of the sledding runner based on infrared thermal camera .......... 599
Jaehyun Han, Hogeon Kwak, Jiyeon Moon, Eui Chul Lee

Culture Content based Convergent Research

The Process of Healing Experience through Self-Consciousness .................................................... 607
Yonsuk Chae, Mijung Park

The Narrative-identity as a Possibility in the Age of Self-identity Crisis - Focusing on a Literary Therapeutic Writing Text of University Student ......................................................... 615
Seongok Jeong, Yonsuk Chae

Using Social Media Service and Acculturation of Vietnamese Students' Community in Korea .......... 629
Jihye Lim

An Analysis on Cultural Policy for Science and Technology from the Standpoint of Civil Participation-Focusing on Democratic Period ................................................................. 637
Yong-kil Lee, Kyung-hee Kang

A study on the effects of North Korean women defectors’ gender equality consciousness: Focused on gender sensitivity, sexual harassment and sexual violence recognition ........................................ 647
Hyun-Suk, Park

A case study on the gender equality experience of Chinese married immigrant women in Korea ...... 657
Sangwoo, Chong, Haiying, Huang

A Study on the romance of a classical scholar Liang Shiqiu in his twilight years ................................. 667
Tae-Jun Lee

Persuasion and Sympathy in the Communication Perspective ....................................................... 679
Seung-Kyu Nam

Applying Ricketts’s Theory of Breaking Through to the Conflicts of the Southeast Asian Muslim Society ....................................................................................................................... 687
Ki-Young Kim, Geon-Geun Lee
The Blues and Identity of African-Americans: Based on Ma Rainey’s Black Bottom ........................................... 695
   Jeong-hee Lee
A study of Christian apologetics in modern culture of the 21st century .................................................. 705
   Rack-In Choi

**Healthcare based Convergent Research**

The Factors Affecting the Intention of Blood Donation in College Students .............................. 715
   Eunhee Choi, Hyunsu Lee
Related factors of presenteeism between ICU nurse and Insurance review nurse ............................... 731
   Ju-Hye Lee, Ju-Young Ha
A Study on the Experience of Self-Care in Type II Diabetic Patients ...................................... 743
   Eunja Kim
Factors Affecting Antenatal Depression of Pregnant Women ......................................................... 753
   Sung Hee Lee, Gi Young Youk
The Effects of Elderly People’s Stress and Social Support on Depression ..................................... 763
   Tae-Kyeong Kim, In Kang
Development and Validation of Employee Benefits’ Scale for Hospital Nurses .......................... 773
   Hye Young Hwang, Jeong Hye Park
A Study on the Effectiveness of Group Counseling for the Mothers having the upper grades students in
the elementary school - Focused on depression, self-esteem, self-concept clarity - ......................... 783
   Park Tae Kyoung, Park Jae Yeon
Study on Factors Affecting Job Stress of New Nurses ............................................................ 793
   Young Lee Jang, Hae Woo Lee, Min Soo Ko, Mee Suk Wang
A Literature Review of Aging Simulation Experience Studies in Korea: focus on dependent variables ⋅
.................................................................................................................................................. 805
   Hye-Sun Jeong
Effects of Sugar on Stress Index, Resistance, Fatigue, Blood Pressure and Pulse in Induced Stress
Situation ............................................................................................................................................... 815
   Eun-gyeong Lee, Se-hui Jeong, Min-geyong Kim, Yu-rim Baek,
   Eun-sol Ki, Ha-eun You, So-young Jun, Hyeon-cheol Jeong
Coping Behaviors of Geriatric Hospital Nurses to the BPSD in Persons with Dementia ............... 825
   Hyojin Park, Heeok Park
A systematic review of physical intervention trials for the management of hypertension in postmenopausal women ................................................................. 839
Heakyung, Moon, Eunyoung, Lee
A study on the experience of hospitalized patients according to type of medical institution ................. 849
Hyeon-Cheol Jeong, Mi Seon Kim, Mi Yang Jeon
The Role Experienced of the Executive Director of Nursing Department in Small and Medium Sized Hospital ................................................................. 861
Mi-Jung Oh, Jeon-Ma Lee
Occupational balance survey study of Spinal Cord Injury ................................................................. 877
Jong-Sik Jang
The relationship between exercise efficacy, instrumental activity of daily living, fall knowledge, and fear of falling ........................................................................ 887
Myeong-Ja Moon

Welfare based Convergent Research

The effects of organizational culture of employees at welfare facilities for the elderly on self leadership ................................................................................................................................................ 901
Gyeong-sun Lee, Sung-je Cho
The Relationship between Value Types and Life Satisfaction: Mediation Effect of Positive Affectivity ........................................................................................................... 911
Mijung Joo, Young-Sook Chong, Jaesik Lee

Safety and Security based Convergent Research

A Study on the Comparison of Terrorist Groups based on the Trend and Geographical Analysis .......... 923
Sang-Ho Moon
The Study of Ho Chi Minh’s Military Strategy-Tactics of Vietnam ....................................................... 933
Yun Beom Lee
