# Table of Contents

## Business based Convergent Research

Effects of Intelligence and Learning of SME Members on Creativity through Exploitation and Exploration of Knowledge ................................................................. 1  
Jong-Soo Byeon, Young Wook Seo

The Effect of Make-up and Cosmetic Purchase Behavior according to Time Management Level of the Employed Housewives - Gwangju Metropolitan Area- ................................................ 11  
Yun-Young Na, Kyong-A Jeong, Seon-Young Song

Study on the Switching Cost of Customers of Door to Door Selling ........................................ 23  
Myung-Jin Kim, Han-soo Kim

Myunggeun Cho, Hwansoo Lee

Design and implementation of an order management system using NFC technique ................... 45  
Joong-Hyuk Chang

Practical Use of Service Design, Personas: A Case Study on Alchon, a Franchise Small Restaurant ........................................................................................................ 55  
Kyung Mi Bae, Chul Jin Bae, Youn Sung Kim

Causality on Decision Theory and Evolutionary Game Theory .................................................. 65  
Joonsung Kim

MBA Study Tours as Tourism Products ..................................................................................... 73  
Bradley S. Brennan, Kyung Mi Bae

A Study on the Strategic Planning for the Activation of Theme Parks ...................................... 93  
Hoon Park, Hyemi Kim

The Effect of Brand Attachment on Consumer Pressure Acceptance ......................................... 105  
Seunghae Park, Jaewon Hong
Message Framing in Environmental Advertising: the Moderating Effects of Consumer Environmental Consciousness .......................................................... 117
Eunju Kim, Yeonshin Kim

FTA application for Risk Analysis of Order Crossover ........................................ 127
Gitae Kim

A Study on the Motivation Factors Affecting Facebook Advertising Effectiveness ............ 135
Eun-Hee Kim

A study on the regulation of the similar transmission service of digital music ................ 151
Seung-Jun Yu, Hwan-soo Lee

A Research on Constructing Smart Factory and Its Performance - Focused on A Company - 161
Sung-Ok Jin, Young Wook Seo

Media exposure analysis of official sponsors and general companies of mega sport event .......... 171
Joo-Hak Kim, Sun-Mi Cho

A Study on the Effect of Physical Upward and Downward Movement Experience on Psychological Judgements .......................................................... 183
Luri Lee, Seung-yon Lee, Hyun Jung Chung

An Empirical Analysis on ESG Performance Information and Short Selling ...................... 197
Hyun-jung Kang, Bo-young Kim, Soon-mi Yu

A Study on the Actual Condition of Management Fee of Apartment Houses ................... 207
Won Kook Kim, Sooyoung Lim

Information Technology based Convergent Research

Method for Cultivating the Knowledge Transfer based on the Knowledge Network Analysis .......... 221
Jong-Yi Hong

Bigdata-based Anomaly Detection Technology in Web Services Environment .................. 231
Dong-jin Shin Ho-geun Lee, Jong-min Eun, Jeong-joon Kim, Jeong-Min Park

How Does Problem Epistasis Affect the performance of Genetic Algorithm? ................. 251
Dong-Pil Yu, Yong-Hyuk Kim
Performance Comparison between Genetic Algorithms and Dynamic Programming in the Subset-Sum Problem ................................................................. 259
Hwi-Yeon Cho, Yong-Hyuk Kim

A Study on the Characteristics of Singing Bowl's Sound .............................................. 269
Ik-Soo Ahn, Myung-Sook Kim, Myung-Jin Bae

A Study on the Measurement of Vibration Depth of Soprano Singers ......................... 277
Uk-Jin Song, Kwang-Bock You, Myung-Jin Bae

Study on security framework for cyber-hacking control facilities ................................ 285
Sang-Do Lee, Yongtae Shin

Developing an Open Smart Controller for Integrated Control of Residential Products Based on Internet of Things .................................................. 297
Dong-hyun Kim, Seong-hun Kim, Ji-eun Hong, Jae Wan Park

Illumirror: Fabrication Methods of an Interactive Kinetic Media Installation and Its Development · 307
Dong-Woo Kim, Tae-Sang Noh, Seok-Jae Han, Jae Wan Park

A Receive based a Congestion Avoidance Policy using an Adaptive Transmission Path .......... 317
Si-Yong Park

Architecture and Civil Engineering based Convergent Research

Housing Demand Forecasting in Administrative Composite City based on Demographic and Household Characteristics ....................................................... 327
Jae-Hwan Kim, Yong-Kyungk Cho

A Study on the Improvement of Land Supplying Types for Supplying Variety Types of Housing in Administrative City ...................................................... 337
Yong-Kyung Cho, Jae-Hwan Kim

Issues of the Current Responses to the Large Scale Traffic Accidents in the Super Long Span Bridges in Korea ................................................................. 347
Joohan Lee, Younhee Kim
Education based Convergent Research

Effect of Parents’ Attachment and Stress Coping Style on College Adjustment and Psychosocial Stress(SF-PWI) of Freshmen ........................................................................................................... 357

Hyo-Yean Kwak

The Differences in Career Motivation and Career Maturity according to the Career Design Program of Medical Students .................................................................................................................. 375

Rojin Heo, Kwi Hwa Park

Effect of Government Support IT Convergence Entrepreneurship Education on the Educational Outcomes of Re-Employment Trainees ........................................................................................................ 387

Seong-Soo Han, Jung-Joong Kim

A Study on the effect on care and prosociality Forest play program utilizing natural toys ........... 399

Mi-Na, Lee, Su-Young, Park

A Study on the Activation Task through Type Analysis and Concept Establishment of School Village Community .................................................................................................................................. 407

Sang-Chul Lee, Seok-Bong Kang

Vocabulary Analysis on EBS Materials, CSAT, and English Textbooks ........................................... 417

Meehye Kim, Seongwon Lee

Development of the DT-STEAM Program for Free Semester using the Storytelling at Middle School ........................................................................................................................................ 429

Yeong-Dae Lim, Jinsoo Kim

Clay Tablet BM 85194 and Plato’s Geometric Hypothesis: Meno 86e-87b ........................................ 441

Jeannam Park, Seoyoung Oh

Relationship between Self-concept and Creative Personality and Learning Competency of University students ........................................................................................................................................ 453

Kim, Jin-hee, Lee, Kyoung- Hwa

The need for fusion and combination for creativity education - Through cultural semiotic study - .................................................................................................................................................. 463

Joo-Eun Lee

A Study on the Analysis of the Difference between Professor and University Student about Teaching Competency's Recognition ........................................................................................................ 471

Kum-Taek Seo, Mi-Sook Cheon
A Study on the Creative integration-based English Micro-teaching for Pre-service Primary School Teachers .............................................................. 483
Lee, Hae-kyoung

A Study on the curriculum for National Competency Standard (NCS) on Competency Unit Element of Medical Skin Care ........................................................................ 491
Se-Hee Lee, Eun-Young Choi

Skin Care (Esthetics) Curriculum Development Based on National Competency Standards -In the Case of Department of Cosmetology in H University- ......................................................... 501
Eun-Young Choi, Se-Hee Lee

A Study on the Adaptation to Korean College life of Uzbekistan Students .......................... 517
Azizova Firuza

The Relationships between Smart-phone Addiction, Sleep Time and Depression in Female High School Students ........................................................................................................ 533
Eunjoo Lee, Ryewon Ma

The difference of affective characteristics and academic achievement by personal characteristics of college students ............................................................................................................. 543
Okboon Kim, Young Myung Cho,
Hyejin Kim, Chanho Jung, Hyelim Kim

The effect of job stress and self-esteem on life satisfaction in university students ................ 553
HyenogSoon Lee, JaeChang Lee

The Effects of TA Egogram Personality Characteristics on Smartphone Usage and Addiction ...... 563
Sung-Heuk Hong, Ji-Hyun Baek, Mi-A Um, Jae-Chang Lee

The Meaning of pre-service early childhood education teacher’s Experience of simulated instruction based on logical thinking ........................................................................................................ 573
Kyung-chul Kim, Eun-hye Kim

The Influence of Attitude and Satisfaction about Elderly-Education on Social Satisfaction: The Moderating Effect of Optimism and Control Over the Future ........................................ 583
Tae-Sik Rhee, YongSook Kim, SangWoo Hahm

A Study on Educational Beliefs of Korean Teachers ......................................................... 597
Kim, Sang-soo
A Study on the Comparison of Learning Motivation between Korean and Chinese Students .......................... 607
Lee, Min-kyeong, Kim, Sang-soo

Korean Traditional Dance Recording Method ......................................................................................... 615
Ki Hyo Kim

Orientation of women's leadership education based on gender perspective ............................................. 627
Sang-Hwa Yi

Impact of Convergence Competency, Critical Thinking Disposition, and Intrinsic Motivation on Preservice Teachers' Creativity ........................................................................................................ 637
Sunghye Park

A Study on Teacher Education Programs on Teacher-Child Interaction .................................................. 647
Soojung Kim

Healthcare based Convergent Research

The Comparison of Extracurricular activity, Drinking behavior and Drinking Refusal Self-efficacy of female college students ........................................................................................................... 655
Seoung-Uk Wie

The Validity and Reliability on Korean Version of the Falls Behavioural (FaB) Scale for the Older Person ........................................................................................................................................... 667
Ju, Yumi, Jang, Jong-Sik

Effect of Team Project Practice based on Service Design Process ....................................................... 679
Kyung-Hee Chung, Myung-Ju Kang

Attitude to Death and Hospice Perception in Nursing Students ............................................................... 691
Su-Ol Kim

Oral health behavior change of some adults who were participated in prevention programs ............ 701
Ye-Hwng Kim, Jung-Hwa Lee

Comparison of Oral Health Knowledge and Oral Health Behavior among the Experienced and Non-experienced Oral Health Educationed ....................................................................................... 711
Su-Bin Lee, Jung-Hwa Lee
Study on the Lexical Network of Non-Substantial Nouns and Cognitive Verbs in the Journal Writing of Youth with Intellectual Disabilities ................................................................. 721
Okin Lee

A Study on the Analysis of Disability Acceptance and the Directional Presentation according to Experience of Integrated Physical Education and Special Olympics Youth Activation Summit on Non-Disability Adolescents ................................................................. 733
Young Hee Cho

The Effect of Parental Psychological Control and Adolescent’s Self-Control on Relational Aggression of Adolescent Children ................................................................. 743
Yu-Jung Jung, Hye-Seong, Jeon

Association between Corticotropin Releasing Hormone Receptor 1 Gene Polymorphism and Attention Deficit Hyperactivity Disorder ................................................................. 753
Jooyeon Park, Nahyun Kim, Dae-Kwang Kim

An Exploratory Study on the Cultural Performance Art Market: Focusing on Gyeonggi Performance Art Festival ................................................................. 761
Kyung-Suk Yoo

The Effects of Self-Esteem, Life satisfaction and Depression on the Family functioning of Middle-age Men ................................................................. 777
Jung-Lim Yang, Hyo-Suk Song

Nursing Students’ Experiences on Intravenous Injection Practice using Low Fidelity Simulator 789
Hyeon-Young Kim

Development of Simple Depression Scale based on BDI-II ................................................................. 799
Min-suk Kim, Su-hyun Kwon, Seung-kyu Nam

The Use of Mandala Psycho-geometrics for Emotional Healing of Crisis Youth ................................................................. 809
Hyun-Ju Jeon, Mee-Sook Cheong

Urinary Incontinence Symptom, Body Image, and Sexual Function of Women with Stress Urinary Incontinence in Community ................................................................. 823
Hye Young Kim

The Determinants of Job Satisfaction of Care Workers : With Special Reference to Self-Esteem and Social Support ................................................................. 835
Byeongil Rho, Mi Hyang, Noh
A Study on Knowledge, attitude and Confidence in performance of Patient Safety with Experience of safety incidents during Clinical Practicum in Nursing Students 847

Mi-Young Moon

Welfare based Convergent Research

The effect of awareness of social welfare on the recognition of basic pension supply and demand: focusing on the mediating effect of the expansion of the government policy on the welfare 857

Mi-Sun Lee

The Influence of Social Support on the Life Satisfaction among Chinese Workers in Korea: Mediating Effects of Work-Family Conflict 871

Xiu Jin

The Effects of Stress and Leisure Activities on Satisfaction and Happiness of Employees 883

Yun-Ju Nam, Su-Jin Oh, Eun-Hee Kim, Seung-Kyu Nam

Corporate Manslaughter in Korea: Drawing some legal lessons from the UK’s Corporate Manslaughter and Corporate Homicide Act 2007 893

Hakkyong Kim

Culture Content based Convergent Research

A Study on Interchange and Tourism Policy with Islamic Countries 903

Rack-In Choi

A Comparative Study of Ambrose Bierce and Robert Enrico: The Grotesque in the Novel “Chickamauga” and the Film Chickamauga 913

Jin-Ho Shim, Byung-Chul Lee

On the Phenomenon of Crowd Psychology through Deindividuation Shown in Steinbeck’s “The Vigilante” 925

Jeong, Byeonggon, Lee, Geongeun

From History to Memory 935

Kanghwa Lee, Kwangsoo Kim

Two Origins of Silhak in Choson Dynasty 943

Seok-yong Chae

A Crafting Game Genre Scoring Method based on Virtual Figure Model Crafting 959
Dong-Hwe Lee, Hyun-min Choi, Seongah Chin
The connection between cognitive humanity and cognitive pragmatics ........................................... 967

Ji-Won Lim
A Study on Qian Gurong’s Personality and Literary is the science about human being .................. 975

Tae-Jun Lee
A Study on the Change of the Housing Culture Koreans through the First-generation Apartment in Korea ........................................................................................................................................ 985

Seong-In Hong, Soo-Young Lim
