# Table of Contents

## Architecture and Civil Engineering based Convergent Research

- A Study on the Utilization Strategy of Mining Company Housing Focusing on the Company Housing in Yangji ................................................................. 1  
  Hoon Park, Hoon Kang, Yun-Sik Kang
- Basic Study on the Characteristic of Thermal Insulation Property of Natural Charcoal as a Interior Finishing Material ........................................................................... 15  
  Jong-Kook Lee, Ye-Jin Kim, Ye-Na Song, Young Ji, Min-Young Lee, Hyo-Eun Kim
- A Study on the Applicable Architectural Regeneration plan of the Modern Industrial Heritage Based on the Concept of the Layer ................................................................. 27  
  Gayoung Jang, Donghyeog Choi
- A Study on the Architectural Planning based on the Concept of the Vertical Street - Monument Tower Proposal in Rome ........................................................................... 37  
  Donghyeog Choi

## Business based Convergent Research

- Consumers’ Positive and Negative Responses to Overseas Direct Shopping: Application of Network Text Analysis ....................................................................................... 47  
  Jin-Myong Lee
- Enhancement of effectiveness and efficiency on tourism culture festivals of local governments ................................................................. 59  
  Rack-In Choi
- A Study on Performance Based Salary System in National Universities : Focusing on Life-Time Salary ....................................................................................... 69  
  Bong Joon Kim
Analysis of Korean Wave Effect on Purchasing Intention of Korean Fashion Brand Products .......................... 89
Nan, Sui, Min-Sook Kim

Success Factors to Become a Sustainable Venture ............................................................................................................ 101
Won Young An, Jay In Oh

A Study on Simplification for Payment Procedure of Mobile Simple-Payment-Service .................................................... 111
Jinwha Choi, Jong-Hoon Choe

An Empirical Study on the Effects of Alliance Strategy and National Culture Characteristics on Alliance Performance .......................................................................................................................... 121
Jungah Lee, Nakjung Kang

Unstable Emission Trading Market and Government’s Responses ......................................................................................... 133
Im-Soo Choi

A Study on the Impact of the Success Factors of Age-Friendly Goods on Repurchase Intention ........................................... 143
Su-Jin Lee

A Study on the Major Industrial Environment and Expansion of Trade in Vietnam ................................................................. 153
Jon-Mo Yoon

Value Relevance of Accounting Information of Firms Using Accounts Receivable Factoring .................................................. 163
Boyoung Kim

Temporal Effects of School Features on School District Housing Price by Introduction of School District System: Focused on Tianjin City, China .................................................................................................................. 171
Ying Zhang, Wonseok Seo

Education based Convergent Research

An Analysis of Elementary School Students’ Ability to Solve Mathematical Problems from School Science .................................................................................................................................................................................................. 183
Dong-Ryeul Kim

A Phenomenological Study of Nursing Student’s Experience of Participating in Overseas Volunteer 203
Lee Hae-Rang, Kim Eun-Jae, Baek Myung-Wha,
Cho Mi-Hye, Park Chan-Gyeong

An Inter-Korean English Textbook Vocabulary Analysis of Gifted vs. General Middle Schools .......................... 223
Jeong-Ryeol Kim, Seo-yeon Hwang
A study on Relationships among Self-leadership, Resilience, Self-efficacy, Self-efficacy of Career in Nursing Students ................................................................. 233
Kwoun Seo, Heakyung Moon

Learning from the Forensic Science Education Programs Accreditation in the US ..................... 243
Hakkyong Kim, Nakbum Choi

Searching for Organizational Support Strategies to Enhance Positive Flipped Learning in Higher Education Community ........................................................................ 255
In-sook Lee, Soowon Park

Comparison of Learning Persistence according to degree of Self-Regulated Learning Ability and Learning Style of Nursing Students ................................................................. 267
In-Hee Cho, Yong-Kyung Park

n search of curriculum development through narrative construction of knowledge ....................... 277
Hyeon-Suk Kang, Yun-Bok Lee, Kyung-Ae Shin

Educational Value Presented in King Lear By William Shakespeare ............................................. 287
Joo-Eun Park

Digital Aging Through Computer Learning ..................................................................................... 297
JungJin Kim

Experience of violence in clinical practice and self-esteem among college nursing students ........ 305
Jinju Woo, Eunju Seo

Emotional Coaching Group Counseling for Low-Income Children Effects on Social Performance ......................................................................................................................... 315
Mi Ae, Kim, Sohee Jeong

A Study on Improvement of Curriculum for Early Childhood Music Education ......................... 327
Sun-Hee Kim

The Effects of Nursing Student Students' Perceptions and Attitudes on People with Disabilities .... 339
So-Young Kim, So-Hee Lim(2), Hyo-Suk Song

Pre-service early childhood teacher’s experience of reflection on early childhood science class .... 349
XiuYing, Ding, KyungEun, Kim, BooKyung, Cho

Characteristic Analyses of Local Linking Experiential Activities and Infrastructure Plans in Free Semester System .................................................................................................. 359
Yong-Myeong Kim

– 3 –
Factors of child care provider in injury of child care center ........................................ 369
Hyun-Sook Lee, Chang-Hyun Kang

A Study on Experiences of curiosity exploration based on Discovery Learning .................. 377
Eun Mee Choi

Current Status and Tasks of the Citizen Participatory Budgeting System for Activating Local
Education Autonomy System .................................................................................................. 387
Min-Hee Kim

An analysis on learner types of academic motivation ......................................................... 397
Eun Young Cho, Myong Hee Yang

An attempt to the possible link between vocational ability improvement and educational-training
projects- Based on lifelong education and regional employment - .................................. 407
Shang Woon Yeo, Dan Chen, Changun Park

A Study on Chinese Teacher’s Perceptions of Professional Competence for Teaching Foreigners
Chinese in China .................................................................................................................. 417
Li Xiaohui, Changun Park

The effect of Happiness Enhancement Program on empathy and emotion using Emotional Picture
Book .................................................................................................................................. 427
Mi-Na, Lee, Sun-Hee, Kim

The Effect of Simulation-based Education Using a Standardized Patients for Schizophrenia Nursing
care on Communication Self-Efficacy, Learning Self-Efficacy and Flow Experience in Nursing
Students .................................................................................................................................. 437
Yeon-Gyung Bak, Tae-Kyung Kim

Improvement of Chinese class through ‘Habruta’ teaching method .................................... 449
Joo-Eun Lee

A Phenomenological Study on University Freshmen’s Smartphone Addiction Experience .......... 457
Seok-Jin Seo

How question shuffling influences correlation of student item selections in computer-bases test .......................... 467
Bee-Sung Kam

An analysis on developing process and problem of vocational education in China curriculum - based
on vocational school- ........................................................................................................... 475
Li Zhangpei, Kwangwoo Lee
Examples and suggestions for writing education using flipped learning ........................................ 485
Eun Jeong Kim

Cognitive Individual Differences and L2 Learners’ Processing of Korean Subject-Object Relative Clauses ................................................................................................................................. 493
Jaemyung Goo

Analysis of Needs and Strategies of Early Childhood Education and Childcare Specialists for Child Rearing Policy Development for Low Birthrate Measures ................................................................. 505
Byung-Man Kim

Multicultural Education in the United States: Looking Into a Case of an Elementary School ...... 517
Youngjoo Kim

Designing serious game contents to train nursing college students on nursing skills: Focusing on intravenous injection practice ................................................................................................................................. 527
Hee-Jung, Heo, Soo-Kyoung Lee

Machine based Convergent Research

Crystal growth and optical properties of Co-doped MgGa2O4 crystal ............................................. 537
Jong-Wuk Kang, Tae-Hwan Bang

Culture Content based Convergent Research

A Research on Administrative System for Science and Technology in Democratic Period – Focusing on Kim Young-sam Civilian Government .................................................................................................................. 545
Yong-kil Lee, Kyung-hee Kang

International standards on regulation of hate speeches ..................................................................... 555
Jungnyum Lee

Preparation for Nobel Prize in Science .................................................................................................. 563
Jae-Hwan Park, Jeeyoung Ahn
Healthcare based Convergent Research

A Study on the Statements of Children with Intellectual Disabilities in the Sexual Abuse Trial ………
…………………………………………………………………………………………………………………………… 571
Jeong Su Jeong, Park Yeon Ju

Factors related Sexual Attitudes of the Elderly in Nursing Students …………………………… 587
Dong-Sook Choi, Hee-Sook Park, Hyochun Kim

Applied Behavioral Analysis Intervention Effects on Children with Developmental Disorder and
Swallowing Disorder …………………………………………………………………………………………… 599
Joo Young Jeon, Ba Hoe Cho

Factors related to depression of old-old living alone by region …………………………………… 609
Eunkyung Kim

Relationship of Emotional Labor and Job Satisfaction among Clinical Nurses: Content Analysis … 625
Si-Myung Hong

Trend Analysis on Prevalence Rate and Risk Factor of Metabolic Syndrome among Middle-aged rural
women in Gyeongsangnam-do Province ……………………………………………………………………… 641
Young-Hee Ju, So-Hee Lim, Jin-Kying Oh, Min Kyung Lim

Knowledge, Attitude, Perception, and Nursing Skills about Physical Restraints among Nursing
Personnel in Long-term Care Hospitals according to Physical Restraints Guideline ………………… 657
Eun-Mi Kim, Yong-Kyung Park, Soon-Rim Suh

Nursing needs analysis of elderly female patients with liver cancer ……………………………… 667
Eun ja Kim

Factors Related to Occurrence of Forward Head Posture in Information and Communication Addicts
…………………………………………………………………………………………………………………………… 675
Seong-Ran Lee

Treadmill exercise Effect on Chronic Constriction injury(CCI) Model’s Pain-marker and Pain reaction
…………………………………………………………………………………………………………………………… 685
Jae Sung Park

Exploration of literary treatment for married immigrant women using the narrative structure of <Ondal
narrative> …………………………………………………………………………………………………………… 695
Youngsoon Kim, Haiying Huang
