# Table of Contents

## Business based Convergent Research

An Analysis on the Concept of Digital Trade, and on the International Discussion of How to Develop It ................................................................. 1  
Gi Hong Kim

A Study on Long-Run Relationship Between Housing Prices and Stock Prices Using VECM .......... 13  
Cha-Soon Choi

An Empirical Study on the Impact of Job Satisfaction on Organizational Citizenship Behavior ...... 23  
Lim mong tak

The influences of advertising model attributes of SPA fashion brand on brand awareness, preference and purchase intention -The Comparison of Chinese and Overseas SPA fashion brands- ............. 31  
Sun Xiaohang, Young-Sook Lee

Convergence of Tacit Knowledge for the Completion of Successful Consulting Projects: Commitment of Consultants and Absorptive Capacity of Client Firms ......................................................... 43  
Yoo Hwan Lee, Young Wook Seo

A Study on Industries, Trade and Related Policies for Entry into Costa Rica ......................... 53  
Yeong-Sik Yoo, Jon-Mo Yoon

The Moderating Effect of Job Involvement on the relationship between Evaluation for Safety Practice and Safety Behavior ................................................................. 61  
Jaesik Lee

Impact Relationship between Perceived Value, Satisfaction, and Loyalty: The Game Service Created by Crowdfunding ................................................................. 75  
Hyun-Chul Kim, Jae-Ik Shin
Authentic Leadership and Follower Development: Meta-analysis of Effects on Positive Psychological Capital, Psychological Well-being, and Organizational Commitment ......................................................... 85
Sang-Min Kim, Min-Seok Cha

**Machine based Convergent Research**

A Study on Synthesis of Engine Sound of Eco-Friendly Vehicle by Time Domain Waveform Synthesis Method ................................................................. 95
Hyung Woo Park

**Culture Content based Convergent Research**

The Outsider’s Eye, Its Change and Effect of Audience Sympathy in the Film <Taxi Driver> ........................................................................................................... 105
Byungkee Jung

Religious Mise-en-Scene to Save the Humans from Machines: Fritz Lang’s Metropolis ........... 115
Ki-Young Kim, Geon-Geun Lee

“Elidue” as a Female Discourse of Celtic Romance ................................................................. 125
Baek, Hye-jin

**Welfare based Convergent Research**

North Korean Defector’s living in New Malden as third countries ................................. 133
Kang Ji Hye

A Study on the Change of Social Relations as a Solution to the Problem of the Elderly .......... 143
Bung Kwon, Meesook Cheong
Safety and Security based Convergent Research

New Thinking of Vigilantism and the Necessity for the Convergence Study of It .................................................. 153
Kim, Dongbok, Lee, Geongeun

Directions of Sharing Police Crime Data with Citizens in the U.S.: Implications for the South Korean police ............................................................................................................................................ 161
Hee-Sub Shim, Young-Sik Kim

Information Technology based Convergent Research

Implementation for the Remote Control and Operational Status Monitoring Systems of the Industrial Ice Machine ........................................................................................................................................... 169
Jin-uk Jung, Kyo-hong Jin, Min-tae Hwang

Lighting design process using lighting simulation system in TV music broadcasting ............................................ 179
Jeong-Min Lee, Jun-Ho Huh

Interactive Contents Detecting User's Coordinates ........................................................................................................... 193
Yoonsik Kim, Chan Lim

Embedding Algorithms between Hypercube and Matrix Hypercube ................................................................. 201
Jongseok Kim, Heongok Lee

Embedding algorithm Half Bubblesort Graph in Star Graph .................................................................................... 211
Jung-Hyun Seo, HyeongOk Lee

Interaction art using vvvv ..................................................................................................................................................... 221
Lee Yeon Ju, Lim Chan

An Analysis on Administrative System for Science and Technology in Democratic Administration Period - Focusing on Rho Moo-hyun Administration ................................................................. 231
Yong-kil Lee, Kyung-hee Kang

A Basic Study for Database Modeling Using Metadata of Sports Oral history Records .................................. 241
Ho-Jun Cheon, Sun-Mi Cho

An Analysis on the Research Trends and Issues of Creativity ....................................................................................... 251
Jung-Eon Kwon, Jung-Yeon Lim
An Acoustic Event Detection Method in Tunnels Using Non-negative Tensor Factorization and Hidden Markov Model ................................................................. 265
Nam Kyun Kim, Kwang Myung Jeon, Hong Kook Kim

A Study on the Use Intension of Cloud Computing Services in the Defense Sector .................. 275
Jin-Tai, Kim, Sung-Hwa, Han,
Ju-Hyung, Kim, Gwang-Yong Gim

A study on the Use of Block Chain in the 4th Industrial Revolution Era ................................ 287
Moo-Kyung Seo, Lee-Sang Jung

Education based Convergent Research

An Analysis of the Meta-language in the Journal Writing of Students with Learning Disabilities ................................................................. 297
Okin Lee

Effects of Ethical Values and Nursing Professionalism on the Consciousness of Biomedical ethics before Applying Nursing Ethics education in Nursing College Students ........................................ 305
Mi-Young Moon

Correlation of Pythagorean Numerology And Anneagram ...................................................... 315
Hyun-Jin Choi, Myunghee Moon, Seunghoe Choi

Implementing Mobile-Mediated Blended Learning in the College Classroom ........................ 325
Myung-Jeong Ha

A Study on the Regulations Related to Records of Private University : Focusing on Busan Area · 335
Hye Gyeong Lee, Youra Youn

The Perception and Effect of Creative Convergence Education for the Students in a College of Education ........................................................................................................ 345
Ji-Eun Kim, Young Sun Yang

Reflection on Self-instruction in Elementary English Based on the Frequency of New Vocabulary by Activity of COLT Part 2 ................................................................. 353
Ji-Hye Jeon, Jeong-ryeol Kim

Parenting Behaviors and Adolescents’ Ego Resilience: Focused on Moderating effect of gender ...... 367
Sohee Jeong
Analysis of relationship between college student loan and university life type ........................................ 377
Soo-Kyung Kim

Promoting mathematical creativity and integrating teaching and learning models ................................. 385
Dan-Young Kim

The Effect of Satisfaction in major, Gender role conflicts on Male Nursing Students' Career Preparation Behavior .................................................................................................................. 395
Min-Jeong Chae, Hyo-Ju Jung

Study on reading certification program for self-directed reading ......................................................... 405
Hee-young Lee

Analysis on Achievement Standard of the Integrated Social Studies and Integrated Science of 2015 Revised Curriculum based on KDB Frame Work ................................................................................. 415
Kwang-Woo Lee

Development of re-employment preparation program for career counseling using movies .................. 431
Young-hee Hong, Sang-hee Park

Developing an audit promotion program using picture books ............................................................... 441
Jin-Young, Park, Mi-Na, Lee

A Study on the Clinical Competence, Problem solving ability according to Frequency of fundamental nursing skill performance, Confidence of Core fundamental nursing skill performance during Clinical Practice in Nursing Students ........................................................................................................................................................................................................ 451
Ae-Hwa Jung, Mi-Young Moon

The Effect of Self-Encouraging Group Counseling Program .................................................................. 465
Nu-Ri, Kim, Sang-hee, Park

Study of the Early Childhood Teacher’s Recognition on Key Competencies Importance as Vocational Basic Education ........................................................................................................... 475
SungJae, Kim, JiAe, Hwang, EunJin, Pyen

A Reflection Study on the Teachers’Accreditation Examination in China ............................................. 485
Li Xiaohui, Changun Park

An Analysis on Creativity and Character Research Trends in China based on Integrated Viewpoint ........................................................................................................................................................................... 495
Xiuying Ding, Xiaoying Shen, Bookyung Cho
