## Table of Contents

**Education based Convergent Research**

1. The problem with the intervention theory of causation and the fittest model of causal structure ................................................................. 1  
   Joonsung Kim

2. Effects of Visual Highlighting on Hangul Word Processing in Computer Environment: Comparing Highlighting Techniques ........................................... 9  
   Bo-young Park, Sun-Kyoung Kim, Ko Eun Lee, Hyun-Jin Lee, Hye-Won Lee

3. Development and application of RST-STEAM program based on VR technology in middle school technology subject ........................................... 21  
   Bang-Hee Kim

4. The Basic research on Christian forgiveness counseling program development ......................................................................................... 31  
   Oh-Hyun Oh

5. The Rhetorical Structure and Distinctive Use of Language in a Military English Genre .................................................................................. 43  
   Dongyoung Kim

6. Exploration the Path Model of Innovative Behaviours in Leader’s Coaching and Organizational Trust: Focused on the Conditional Effects of Positional Stability and Self-Efficacy ........................................... 55  
   Myung-Ja Lee, Seon-Hye Jang, Do-Geun Kim

7. The Effects of Child’s Self-Esteem and Ego-Resiliency on the well-being ........................................... 67  
   Lim Ju Won
8 Effect of Peer Relationship Promotion Program .................................................. 77
    Young-Hee Lee, Mi-Na Lee
9 A case study of sandtray therapy of a bully victim ............................................. 89
    So-Hyun Park, Jung Jin Jo
10 Comparisons of the Education Contents for Achieving the License Real Estate
    Agents License and the Current Practices Among the Countries ......................... 99
    Jae-II Jang, Eunjoo-Joo Oh
11 Development and Validation of Empathy Capability Scale .......................... 109
    Soon-Hyang Hur, Yun-Ju Nam, Seung-Kyu Nam
12 Investigating Perceptions and Needs of Primary School Teachers on Utilization
    of Robotics Programming .................................................................................. 117
    Jeongmin Lee, Hyunmin Chung
13 The Usage of Metacognitive Skills in Classroom Settings for both Learners and
    Educators ........................................................................................................... 131
    Pyong Ho Kim
14 A Study on Cognitive-Linguistic Predictors of Literacy among Cerebral Palsy
    of Children ....................................................................................................... 141
    Soon-Gil Park
15 An Analysis on Curriculum for Occupational Purpose of the Business Korean
    Language Curriculum between South Korea and China .................................. 153
    ZhangPei Li, Changun Park
16 Exploring the changing direction of universities to expand higher education
    ......................................................................................................................... 163
    Jung-Suk Kwon, Yeo-joo Jung
17 Effects of Early English Learning Experience on English Learning in Elementary
    School: Focusing on Affective Characteristics .............................................. 171
    In Young Choi, Je-Young Lee
18 Effects of Teaching English Utilizing Internet Video Content on Elementary School
    Students’ Listening Comprehension and Affective Characteristics .................. 181
    Eun Jin Kim, Je-Young Lee
19 A Case Study on the Complementary Role for Educational Publicity of Activists for Youth ............................................................... 191
Haejeong Park, Kwangsoo Kim

20 A Study on Relationship between Mindset, Academic Achievement and Leadership ............................................................................................................. 201
Ju-Won Oh

21 Effects of Characteristics of Smart Learning on Korean Students’ Learning Attitude and Achievement: Focusing on Mobility, Interactivity, Immediacy, Reality, Cooperation ........................................................................................................... 211
Won Hyun So, Ha-Kyun Kim

22 Job Satisfaction, Job Involvement, and Personality Types of CPA – Focusing on the Ayurveda personality type – ................................................................................................. 221
Mee-Sook Cheong, Jae-Gyeong Lee

23 A Study on the Relationship Between Adult Attachment and Marital Satisfaction Perceived by Middle Aged Women ................................................................. 229
Su-Yeon Jeong, Oh-Hyun Oh, Mi-Na Lee

24 A Study on the Relationship between Adolescent Inferiority and Self-Encouragement .......................................................................................................................... 239
Su-Jeong Kim, Kyung-hee Lim

25 A Study on the Effects of Mandala Storytelling Program for the Control of Emotional Expressions in Crisis Youth Behavior ................................................................. 249
Hyun-Ju Jeon

26 Exploring the Foreign Students’ Learning Experiences in Natural Science Basic Course at College of Engineering in Korea ................................................................. 259
Soo-Cheol Kin

27 The Design for Music Class in Liberal Arts : Intergrated Thinking and Application ................................................................................................................................. 271
Jeong-Hwa So

28 Exploring Selection, Expansion, and Support of Teachers in Gifted Education ................................................................................................................................. 281
Kyeong Hye Jang, Chan gun Park
29 A Study on Activation of Chinese Media Literacy Education through an Integrated Approach .................................................. 291
   Li Xiaohui, Kyoungjin Lee
30 The Effect of Evaluation Factors on the usefulness of Education Institution’s Sign System ........................................... 301
   Young-Woo Lee, Jeong su Jeong, Jeong-Jin Youn
31 Effects of Sympathy on Psychological Capital and Happiness .................... 313
   Hoon-Shik Woo, Wonbin Lee, Seung-Kyu Nam
32 An Exploration on the Concept and Reality on South Korea’s Integrated Education through the Perspective of Critical Theory ........................................ 321
   Jong-Gu Kang
33 A Study for the Scale development of Sexual Decision Making .................. 331
   MiKyung Sun, DoKyoong Lee, KyungDuk Cho
34 Analysis of career identity and career decision level of freshman college students who received college career guidance program as subject class .................. 341
   Young-Ran Yoon
35 The effects of the strengths use and ego resilience of freshman college students on the prediction of academic dropout ........................................ 351
   Inn Oh Moon, Young Joo Lee, Jeong Ran Lee
36 A case study of sandtray therapy for a single-parent family .................... 359
   So-Hyun Park
37 A case Study of Sandtray Therapy of School Maladjusted Children .......... 369
   Jung-Jin Jo
38 A Suggestion for Education Using Self-introduction Item Analysis for Employment Purposes in Specialized High Schools ........................................ 379
   Joo-Hwan Go, Yeong-Gyeong Lee
39 An Analysis on the Hierarchical Structure and Aspect of the Japanese “verb-te-ageru” Sentence and the Korean ”verb-eo-juda” ........................................ 391
   Yong-Ill Park
40 The Effects of Self-esteem and Self-control on Empathy of Undergraduate Student .......................................................... 401
   Yong-Joo Lee, Jin-Ho Rho
Machine based Convergent Research

41 A Study on Modeling of Rack Type Electric Power Steering and Development of Control Algorithm ................................................................. 411
   BongChoon Jang

42 Subjective Appropriateness Evaluation of Gesture Interaction for Smart TV Command ................................................................. 421
   TaeBeum Ryu

Culture Content based Convergent Research

43 The Possibility of the Digital Walking with Walking Simulator .............. 429
   YeonSu Park, HyeWon Han

44 The trend Analysis and Following Core Issue of Korean Gender Conflict Using Social Big Data ................................................................. 441
   Bae Gibbuem, Kim Chanwoo

45 Analysis on Performers’ Contribution to Creation in Musical Literary Works ............................................................................................... 451
   Kyung-Ho Lee

46 A Study on the Analysis of the Conversation on the Storyboard of a Humor Advertising with Convergence and Complexity ......................... 459
   Ji-Won Lim

47 A Literature Review of Traditional Fishing Instrument with Bamboo Weir in the Southern Coast of Korea Peninsula ........................................... 469
   Kyung-Joo Lee, HoJong Kwon, Dae-Yul Jeong

48 A Study on the Development of Cultural Contents based on the Mural Painting of Afrasiab Palace ......................................................... 481
   Ga Young Park, Kyoung Joo Lee, Dae Yul Jung
49 Phenomenological study on evaluation method of Culture-Tourism Festival: Focusing on Festival Directors ............................................................... 493
 Kyung Suk Yoo

50 A Study on the Design of Cultural Products by Using Color and Contemplation Techniques ............. 505
 Hee-ja Ko

Healthcare based Convergent Research

51 Daily Life Experience of Disaster Victims -Focused on the Gyeongju Earthquake- .................................................................................................... 515
 Young-Soon Kwon

52 Factors Affecting the Intention of Rectal Cancer Screening in Middle-Aged Men Over the Age of 40 in A Local Community ......................................................... 527
 Seong-Ran Lee

53 Concept Analysis of Distress ..................................................................................... 535
 Young-Eun Kwon, Yun-hwa Jeon, Kyoung-eun Lee

54 The Effect of Fundamental Nursing Practicum Method by Using QRcode: Focusing on Intramuscular Injection Practice ....................................................... 551
 Yang-Sook Lee, Hye-Sun Jeong

55 Epidemiological Characteristics of Elderly Inpatient due to Unintentional Injury ................................................................................................. 561
 Young-Hee Nam

56 Analysis of Size variation According to Age of Men and Women .................... 571
 Jeong Im Lee

57 Effect of Participation of Meaningful Choice Activities on the Self-Determination Ability for People with Intellectual Disabilities Living in Residential Care Facility ...................................................................................... 583
 Yoo-Im Choi

58 A Study on Smoking Experience among College Students ............................ 591
 Chansun Park
59 Influencing Factor on Smartphone Addiction Among Nursing Students: Focus on Empathy, Interpersonal Competence And Conflict-Resolution Styles .......................... 601
   Hye-Sun Jeong, Jeong-Hwa Kum

60 Effects of the Professor Trust Program on Academic Stress, Professor Trust, Resilience and College Adaptation of Nursing Students ........................................ 611
   Youngju Jee, Ryewon Ma

61 Relationship between Female College Students’ Knowledge of Cervical Cancer and HPV Infection and Their Preventive Behavior .................................................. 623
   Young Eun Kwon, Young Eun Lee

62 Factors Influencing Communication Skill in Freshmen of Nursing College ........ 633
   So-Myeong Kim, Su-Ol Kim

63 Effects of Writing Reflective Journal on Meta-Cognition, Learning Flow and Self Readership of Nursing Students in Health Assessment Skills Course .................. 645
   Su-Ol Kim

64 Comparison of Knowledge of Nursing Students toward Cancer, Attitude and Preventive health behavior according to Clinical Experience .................................. 655
   So-Myeong Kim, Su-Ol Kim

65 Factors influencing Suicidal Ideation by Rural Elderly ..................................... 665
   Ji Min Lee

66 Effecting Factors Employment Stress of Nursing Students ............................... 675
   SeungHee Han, SeonHwa Park

67 Comparison of Job Satisfaction, Nursing Professionalism, Turnover Intention by Nurse’s Personality Type ................................................................. 687
   Hyo-Suk Song, So-Hee Lim, Min-Jeong Sook

--- Welfare based Convergent Research ---

68 Design of modern accommodation using fractal geometry .................................. 697
   Byung-won Kim, Min-seok Cha, Jang-soon Choi, Hoon Kang

69 A Qualitative Research on Using Social Microcredit ........................................ 707
   Eun-Eui Yim, Yujjn Im
70 Study on Influence of Social welfare service workers’ Existential Spirituality and Religious Spirituality on Job Embeddedness: The Mediating Effect of Self-efficacy
........................................................................................................................................... 723
Woo Young Park, Shin Son

71 Effect of Leisure Support and Leisure Constraints on Life Satisfaction of Extreme Sports Participants
........................................................................................................................................... 737
Byoung-Wook Ahn

Safety and Security based Convergent Research

72 Necessity and Direction of Implementing Local Community Police System According to Decentralization Idea
........................................................................................................................................... 745
Il-Won Kang

Information Technology based Convergent Research

73 Implementation of ecological park using augmented reality technology in outdoor environment
........................................................................................................................................... 755
Yong-Jun Kweon, Chang-Hoon Park

74 Design Guidelines for Managing University E-mail Records Based on EMPM
........................................................................................................................................... 763
Youna Song, Youngmi Jung

75 The Effect of Washing Hands on Restrict of Fouls in Sport: Based on The Embodied Cognition Theory
........................................................................................................................................... 773
Yongsuk Sung, Junhee Hong

76 A Study on the Development Factors and Improvements of User Protection of Simple Payment Service
........................................................................................................................................... 785
Sung-In Cho, Won-Jung Jang, Sung-Woo Hong, Gwang-Yong Gim

77 Analyses of Cylindrically-Varying Photonic Crystal Waveguides
........................................................................................................................................... 795
Jeong I. Kim
Business based Convergent Research

80 Major Reform Issues through the National Petition Data .......................... 823
Kim Chan Woo

81 The influence of cognitive bias on the innovation activities: Evidence from the networks of the US patent inventors ............................................. 833
MyungJin Hyun, Jieun Kim

82 Exploration of Securing Local Education Finance for Future Society .... 845
Min-Hee Kim

83 A Study on the Formation of Tourists’ Favorable Revisiting Intention through Local Festivals: Focusing on the characteristics of visitors to Jecheon International Music & Movie Festival ...................................................... 855
Mi-ran Won

84 A Study on the Influence of the Consideration of Feng-shui Location on the Management Performance ................................................................. 865
Yeon-Su Park, Mu-Hum Park

85 Relationship between Medical Tourism Attributes and Revisit Intention - For Chinese Tourists - .............................................................. 877
Hui Sun, Won-Seok Bang

86 The Impact of Communication among IT Company Organizational Members on Organizational Conflict and Organizational Performance .................. 885
Sang-Seop Kim, Soo-Yong Park, Dong-Hyung Lee

87 Effects of 12 week resistance training on Neuro-muscular junction ...... 897
Jae Sung Park
88 The Comparative Study on Social Reproduction between Korea and Japan ......................................................... 905
Min-Joo Kim

89 Analysis of Relative Importance of Marketing Mix Factors for Selecting Restaurant .......................................................... 913
Choonsoo Lee

90 The effect of social support and family resilience perceived by the unemployed on subjective well-being .................................................................................. 923
Tae-jung Park Sung-je Cho
