# Table of Contents

## Education based Convergent Research

1. A Study on the Application of the 2015 Revision Geographic Curriculum Using IB Curriculum .......................... 1  
   Nam-Hee Kang, Hyeon-Suk Kang

2. A Study on the Educational Meaning of Risk-taking play ......................................................... 15  
   Kwon Young Sim, Oh Ju Won

3. Analyses of Pre-service Elementary Teachers’ Environmental Teaching Efficacy and Mental Models for Environment .......................................................... 27  
   Dong-Ryeul Kim

   Minhee Kim

5. An Analysis of Discourse about the Multicultural Phenomenon in Korean Society .......................... 53  
   Kim, Sang-soo

6. An Analysis on Pre-service Teachers’ Levels of Conflicts, Happiness, and Ego-resilience .......................................................... 63  
   Hye Yoon Kim, Gil Sook Kim, Pyong Ho Kim

   Eun-Young, Noh, Hyoun-Yong Kwon

8. Analysis and Interpretation of Meaning and Elements of the Competency in the 2015 Revised Music Curriculum .......................................................... 83  
   Jihyun H. Park
9 The Effect of Organizational Justice, Positive Psychological Capital recognized by Infant Teachers on Role Performance of Infant Teachers ...................................................... 93
Gutaek Bae, Eunjung Kim, Seonhui Lee, Jinhyeong Noh

10 A Case Study of University Student Peace Union Club : Focusing on UNIPEACE .............................................................................................................................................. 113
Jong-Won Shin

11 Research on the Students’ Behaviors of the Online Learning Environments .......... 123
Eunjoo Oh, Yujin Kim

12 A Case Study of English Writing Clinic Program Operation and its Improvements in Mokwon University Writing Center ........................................................................................................ 133
Kyung-Ah Yu

13 Analysis of aesthetic inquiry of infants : Focusing on the fairy tales of Leo Lioni .................................................................................................................................................. 143
Eunjung You, Heejung Chung

14 A Study on Comparison of ‘Extra Curricular Activities’ in Korea and China – Based on ‘Creative Experience and Activities’ in Korea and ‘Comprehensive Practice and Activities’ in China ........................................................................................................................................... 155
Kyoungjin Lee, Chen Dan

15 The Effects of Population Educational Animation Program on Elementary Students’ Families and Low Birthrate and Aging Perception Formation ................................................................. 165
Gil Joo Lee, Mi Ja Jeong, DaeSeok Kim

16 Current Status and Tasks of Academic department records: the case of department administrative assistants in ‘D’ University ........................................................................................................ 175
Sung-Hee Lee, You-RA Youn

17 Analysis of Desired Job Characteristics by Types of Life and Work Recognition of the Middle and Old Aged after Retirement ................................................................................................................. 185
Soo-Jeong Lee, Misun-Kwak

18 Development of a Short-Form Scale of Middle School Students’ Trust in Teachers and Analysis of Relationship between Trust and Academic Performance ........................................... 195
Sook-Jeong Lee
19 The Effect of Human Behavior Representation on Creative Motivation in Atypical Architectural Design in Architectural Design Studio ........................................... 203
Yun-Gil Lee

20 Application Development for Customized Clinical Practice Orientation of Nursing Students ........................................................................................................... 211
Yun-Bok, Lee, Jung-Ha, Park, Young-Mi, Park

21 Analysis of Energy Expenditure of Virtual Reality in the Use of Physical Education Class ........................................................................................................... 221
Yunbin Lee, Somi Yun, Min Gi Jung, Dahye Lim, Eunjin Hwang, Dae Taek Lee, Seung-chan Lim

22 Investigation on Parents’ Perceptions of SW Education using Robots in a Primary School ........................................................................................................... 231
Jeongmin Lee, Hyungshin Choi

23 The Effect of Coaching Type of Leaders on Performance Improvement of Taekwondo Players –Focusing on the Moderating Effect of Exercise Commitment– ........................................... 239
Woosup Lim, Hyeonju Choi, Minki Cho, Cheolyoung Choi, Hyunchoul Cho

24 Analysis on Recognition and Needs of Professors and Graduate Students about Education Management and Development Schemes in a Graduate School of Education–Focusing on H University’s Case– ................................................................. 249
Young-Hee Choi, Eun-Young Choi

25 The Effects of Smart Classroom Learning on the Academic Achievement of College Students ........................................................................................................... 261
Myung-Jeong Ha

26 An Analysis of the Meaning of Painting Activities Recognized by Teachers of the Infant Class ........................................................................................................... 271
Young-Sook Ham

27 A Study on the Perception about 'Good Teaching' among Early Childhood Education Students ........................................................................................................... 281
JiAe Hwang, SungJae Kim

28 Effect of Metaphorical Display of Dance Choreography on Affect and Salivary Cortisol ........................................................................................................... 291
Hwa-Jin Oh, Jun-Hee Hong, Woo-Yurl Chweh
29 The Description of Chinese Students’ Pragmatic Transfer Failure ........................................ 302
Shao-xia Liu, Mun-Koo Kang

**Culture Content based Convergent Research**

30 The Encounter of Modern Temporality and Factual Cognition: The Phase of Hegel’s Philosophy of History ................................................................................................................................. 313
Kanghwa Lee, Kwangsoo Kim
31 Observation on Standard Exclusive Contract Period of Popular Culture Artists ........... 321
Kyung-Ho Lee
32 A Study For improving exterior color plan of high-rise Apartment in urban area .................................................................................................................................................................................. 331
Na-Gyeom Lee, Soo-Young Lim
33 The Impact of Psychological Factors, Game Efficacy and Game Motivation and on Adolescent’s Game Leadership : Focus on MOBA Genre Players ........................................... 341
Seung Je Lee, Eui Jun Jeong
34 Study on the development process of Anglo American popular music in the 1920s -Focusing on characteristics of fusion and exclusiveness and analysis of development factors- ........................................................................................................................................... 353
Chang Ku Lee, Jin-Ah Ahn

**Healthcare based Convergent Research**

35 A Critical Discourse Analysis of News Articles about Infection at the ICU : Focusing on Fairclugh’s framework of critical discourse analysis ................................................................. 363
Kinoh Kang, Gutaek Bae, Sunyoung Oh, Youngmi Park, Keumhee Nam, huijeong Hong
36 Effects of Interpersonal Caring Drama therapy Program on Emotional Intelligence, Job Stress and Quality of Life in Clinical Nurses ........................................................................................................ 375
Mi-Jin Kim, Young-Soon Choi
An Ethnographic Research on Caring of Mothers for Their Children With Stem Cell Transplantation ............................................................... 387
Seong-Heui, Kim

Influences of simulation-based education of postpartum hemorrhage care on nursing college students' critical thinking tendency communication confidence, and problem solving process ........................................................................ 399
Yeonmi Kim, Juyoun Yu

The Effect of Self-esteem, Appearance Satisfaction and Major Satisfaction on Employment Stress among University Students ......................................................... 411
Young-Sun Kim, Hyun-Ju Lee

The Mediating Effect of Entrapment on the Relationship between Life Stress and Suicidal Ideation in Nursing University Students ................................................................. 421
Jeong-Yun Kim, Jae-Woon Lee

Factors Affecting Unintentional Injury in Foreign Injury Patients .......................... 433
Young-Hee Nam

Inhibitory effects of ethanol extract from Vicia amoena on LPS (Lipopolysaccharide)
induced nitric oxide and prostaglandin E2 production in RAW264.7 macrophage cell 443
Jung-Hwan Nam, Soo-Jin Park

Influence factors on subjective health status of a middle-age women -Utilized the National Health and Nutrition Examination Survey(2013-2016) ........................................ 451
Meera Park

Effect of aerobic treadmill exercise on end-plate of neuro-muscular junction and
neuro-trophic factor expression level ........................................................................ 459
Jae sung Park

Analysis of the Fatigue Concept of Nurses ............................................................ 467
Hyunjung Park

Development and effect of evidence-based practical education teaching model using simulation practice ........................................................................ 479
Hyun Joo Yang, Meera Park, Nam Joo Je
47 Factors affecting Multicultural Efficacy of Nurses .......................................................... 491
Hyun Joo Yang, Eun Kyung Byun

48 Factors Related to the Decrease in Life Function of Liver Cancer Patients in Certain Areas of Chungcheon Province ................................................................. 501
Seong-Ran Lee

49 Oral Health Knowledge and Oral Health Behavior according to the Majors of Some University Students .......................................................... 509
Su-Bin Lee, Jung-Hwa Lee

50 Bad breath according to experience the subjects related to oral health education for some university students .......................................................... 517
Su-Bin Lee, Jung-Hwa Lee

51 A Relationship on Body Esteem, Self Esteem and Eating Behavior of Nursing Students .......................................................... 527
SooJung Lee, EunJoo Lee, Kyoungran An

52 The Effect of Symptom, Psychological Flexibility and Social Support on the Quality of Life of Inpatients with Schizophrenia .......................................................... 541
Jae-Woon Kim, Jeong-Yun Kim

53 The Difference of Nursing Professional Values according to the Sexual Harassment Experience in Nursing Student Clinical Practice .......................................................... 553
Sunyoung Jang, Hanyi Lee

54 The Correlation among Female College Students’ Cognition and Experience on Sexual Harassment and Sexual Violence, and Types of Coping Behavior .......................................................... 563
Na Young Choi

55 Relationship Between Sensory Processing and Quality of Sleep in Adults .......................................................... 571
Yoo-Im Choi, Hee-Soon Woo

56 Effecting Factors Smartphone addiction of Nursing Students’ .......................................................... 581
SeungHee Han
Welfare based Convergent Research

57 The Effect of a Group Art Therapy Program for Female Adolescents on Their Depression ................................................. 591
Daekyum Rho, Younshin Jeon, Mi Hyang Noh

58 A Phenomenological Study on the Simsang(Imaginary-oriented)−Poetry Therapy Program for Juvenile Detention Center ................................................................. 601
Bak Jeong-hye

59 The Moderating Effects of Work−Family Enrichment in the Correlation between Spouse Support and marital Satisfaction: Focusing on Married Men ................................................. 609
Jong-Soo, Seo

60 The Effect of the Elderly Households' Self-esteem on their Depression in both Urban and Rural areas ................................................................. 621
So-Jeong Shin

61 A Study on Existential Health and Meaning of Life through Existential Self−Recognition ................................................................. 633
Lee Soo kyung, Oh Ju won

62 A Study on the Mediating Effect of Job Stress in the Relationship between Client Violence Perceived by Public Social Worker and Burnout ............................................. 645
Joon Cho, JungMin Choi

63 A Study on the Mediating Effect of Depression in the Relationship between Emotional Labor and Job Performance of the Public Social Worker ............................................. 655
JungMin Choi, Joon Cho

Safety and Security based Convergent Research

64 Automatic Opening and Closing System of Outdoor Air Conditioner Unit for Fire Prevention ................................................................. 665−672
Jae-sung Park, Ha-Sung Kong
Information Technology based Convergent Research

65 Measurement of pupil size-based visual fatigue in a virtual reality environment ............................................................................................................................................... 673
Taehyung Kim, Kun Ha Su, Eui Chul Lee

66 BigData Research in Information Systems : Focusing on Journal Articles about Information Systems ............................................................................................................................................... 681
Kyungbo Park, Juyeong Kim, Han-Min Kim

67 A Study on the Smart City Selection through the Evaluation of 7 Layers of Smart City ............................................................................................................................................... 691
Kyoungjong Park

68 Heart Rate Signal Extraction by Using Finger vein Recognition System .............................. 701
Jin Yeong Bok, Kun Ha Suh, Eui Chul Lee

69 Electromagnetic Wave and EMF Attenuation by Shielding Materials in home appliances ............................................................................................................................................... 711
Jae-Cheol Cho, Jae-Hwan Park

70 Risk Level Assessment Method on Major Information and Communication Infrastructure’s Web Vulnerability Check Item using by AHP Technique ......................................................... 719
Jaeho Lee

71 Study on Data Normalization and Representation for Quantitative Analysis of EEG Signals ............................................................................................................................................... 729
Taehun Hwang, Jin Heon Kim

Business based Convergent Research

72 Optimization of Discount Pricing Strategy Using Game Theory ............................................... 739
Gitae Kim

73 A Study on the Application Plan of New Deal in Urban Regeneration as a Unused Resource - Focusing on Vacant House in the Region - ................................................................. 747
Jaehwan Kim

- 8 -
74 A Study on Containerports Clustering Using Artificial Neural Network (Multilayer Perceptron and Radial Basis Function), Social Network, and Tabu Search Models with Empirical Verification of Clustering Using the Second Stage (Type IV) Cross-Efficiency Matrix Clustering Model ................................................................. 757
   Ro-Kyung Park

75 The Effects of the Capital Adequacy and Liquidity Regulation on Internet Primary Banks ................................................................. 773
   Jae Kwon Bae

76 A Study on the Relationship between Selection of Wellness Tourism Facility and Attracting Foreign Patients ........................................ 783
   Tae-Gyu Yu

77 Investigating the Cause of Youth Unemployment and Solutions .......................... 793
   Young Min Lee, Cheol Woo Park, Dong Yul Jung

78 Entrepreneur's Business Model Thinking and Managerial Performance in Technology-based Start-ups .......................................................... 803
   Yeonsu Jeong, Dong Ju Yoon, Sung Eui Cho

79 A Study on the Increase of Job Creation through Local Tourism Specialized Industry - Case on Imsil Cheese Village - ............................................. 817
   Rack-In Choi
